GENERAL COUNSEL'S REPORT

Summary of Allegations

770400:53336
David L. Chatfield, the complainant, in a notarized complaint, filed October 24, 1976, alleged that the Concerned New Yorkers for Abe Hirschfeld Inc., the Respondent, sponsored a televised political commercial which gave insufficient information of authorization or non-authorization. The advertisement appeared on September 13, 1976, at 10:30 p.m. on television station WTEN in the Albany, New York, area.

Evidence

In response to the Commission's preliminary inquiry, the respondent stated that "the required political disclosure appeared" and that the Abe Hirschfeld committee was informed of a requirement of disclosing the sponsor of an advertisement in order for it to appear on the television station. The respondent submitted a copy of the script of the advertisement, showing that the notice of authorization appeared.

FEDERAL ELECTION COMMISSION
OFFICIAL FILE COPY
OFFICE OF GENERAL COUNSEL

Analysis

7704003337

The copy of the script of the advertisement submitted by the respondent indicates that the notice of authorization required by 2 U.S.C. §441d, was placed in the script. The complainant argued that while a "tiny line of print (too small to read) flashed on the screen for about a second," there was no voice announcement of the sponsor, and therefore the requirements of §441d were not fulfilled.

Under the Commission's present rules and regulations, a televised political advertisement which advocates the election or defeat of a clearly identified candidate must place an authorization statement "at the beginning or end of a broadcast or telecast matter." However, the Commission has not established standards as to the specific form (voice or print) or the exact manner (size or duration) of a telecast authorization statement. (See Part 110.11 of the Commission's regulations and Federal Election Commission Notice 1976-55, Notice of Authorization on Political Communications). This absence of standards, combined with the facts of this matter, provide no basis to determine that respondent's notice of authorization was insufficient.

On the basis of the information received that the notice was in the script and appeared on the air, we recommend that no further action be taken and that the file be closed, and send attached letters.

Analysis

The copy of the script of the advertisement submitted by

the respondent, indicates that the notice of authorization required by 2 U.S.C. §441d, was placed in the script. The complainant argued that a voice announcement of the sponsor of a televised political advertisement, which advocates the defeat of a candidate, is necessary to fulfill the requirements of §441d. In light of the Commission's present rules and regulations, however, there has been no determination as to whether a voice announcement of the sponsor of a televised political advertisement is required. (See Federal Election Commission Notice 1976-55, Notice of Authorization on Political Communications) Consequently, there is no present standard by which to determine whether the respondent's notice of authorization is sufficient or not. It is anticipated that this problem will be dealt with by the Commission in the near future.

Recommendation

On the basis of the information received that the notice was on the script, we recommend that no further action be taken and that the file be closed, and send attached letters.

argued that a voice announcement of the sponsor of a televised political advertisement which advocates the defeat of a candidate is necessary to fulfill the requirements of §441d. Re: Abe Hirschfeld TV Campaign

Dear Mr. Prince:

This letter confirms our telephone conversation, Monday, 4/18/77 regarding a political commercial broadcast aired on WTKN-TV, Albany, September 13, 1976.

At the end of the :30 second commercial, a required political disclosure appeared which read as follows:
"This political announcement was paid for by Concerned New Yorkers for Abe Hirschfeld, Inc.."

We were informed before supplying WTKN with the broadcast tape that the correct sponsor's identification was necessary to appear during the commercial, and that without the mandatory disclosure, the commercial would not be permitted to air. We, therefore, paid particular attention that the correct disclosure appeared.

As per your request, we have enclosed copies of scripts for your record.

If you have any further questions, please call us.

Re: MUR 305 (76)

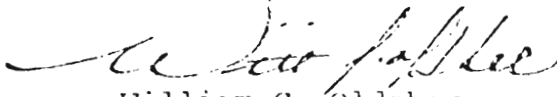

Dear Mr. Shapiro:

This letter is to notify you that the Federal Election Commission has received a complaint which alleges that on September 13, 1976, a political commercial broadcast on television station WTEN, in the Albany area, failed to have a notice of authorization or unauthorization in violation of 2 U.S.C. 44ld. In response to the Commission inquiry, Abe Hirschfeld, the sponser of the commercial, indicated that Centipede Films handled the Hirschfeld for Senate advertising and that you would be able to confirm the existence of a notice of authorization in the above commercial.

We would appreciate it if you would furnish us with any information which could confirm Mr. Hirschfeld's letter. In particular you should supply us with copies of order forms or any other materials which would indicate that Mr. Hirschfeld placed a notice of authorization in the advertisement.

The Commission is under a duty to investigate the matter expeditiously; therefore your response should be submitted within ten days after receipt of this notification. If you have any questions do not hesitate to write or call Leland Prince, (202/523-4000) the staff member assigned to this matter.

Re: MUR 305 (76)

Dear Sir:

The Federal Election Commission is reviewing the above-numbered matter to determine whether a political advertisement which appeared on your station on September 13, 1976 at approximately 10:30 p.m. carried the notice of authorization required by 2 U.S.C. §441d. This provision requires, inter alia, that communications on a broadcasting station advocating the election or defeat of a clearly identified candidate, must set forth the parties who financed the communication.

The advertisement in question was directed against Ms. Bella Abzug and was sponsored by the Hirschfeld for Senate Campaign.

I would appreciate if you would furnish the Commission at your earliest possible convenience with any relevant factual materials -- order forms, etc. -- which would indicate whether the requisite notice appeared.

Sincerely yours,

/s/

Re: MUR 305 (76)

Gentlemen:

I am in receipt of your letter dated December 29, 1976 and am responding now, my first opportunity since returning from holiday vacation.

Throughout our campaign we were very careful to comply with all aspects of the Federal Election Campaign Act and in particular with the requirements concerning stating the name of the candidate authorizing advertising. All of our advertising conspicuously stated that we were their authority. This requirement is well-known by the television stations broadcasting political advertising. The television stations themselves strictly adhere to Federal Election Commission requirements and do not carry any advertising that does comply therewith. The television stations are excellent monitors of political advertising. This particular advertisement being complained of was carried throughout New York State and not merely on station WTEN where it was viewed by the complainant. Clearly, if this advertisement was deemed acceptable by major television stations in New York City, Albany and Buffalo, it had to comply with Federal requirements.

Occasionally, it happens that a television station will make an error in broadcasting a particular advertising. Sometimes an advertisement will be cut off near the end through the fault of the television station itself. It may be that such an error occurred

FEDERAL ELECTION COMMISSION
OFFICIAL FILE COPY
OFFICE OF GENERAL COUNSEL

To: Federal Election Commission

- 2 -

in this particular case when the complainant viewed the advertisement. We received no other complaints about this particular advertisement, nor did we receive any complaints from any of the other four candidates involved in the primary election, nor specifically from Mrs. Abzug or her office. Again, this advertisement appeared throughout New York State, so it may be that there occurred one error by one particular television station.

It appears from his letter that the complainant was merely concerned about our disagreement with Mrs. Abzug's public and political policies. We feel that we have a right to express our views.

We are proud of our conduct during the election campaign even though we were not victorious.

Very truly yours,

Abraham Hirschfeld

RE: CC #638

Dear Mr. Oldaker:

Thanks for your letter of October 19, 1976, acknowledging receipt of my complaint about campaign practices of the Hirschfeld for Senate Committee. Personal attention from a person in your position is certainly appreciated in this matter.

Since you observe that I "may be aware" of the complaint procedure, and cite some sort of regulation concerning same, perhaps you assume I was somehow involved in the campaign, or that I am a lawyer. I have never met or talked to Rep. Abzug nor anyone on her staff or involved in her campaign. For that matter, I don't know anyone involved with any candidate in the Senate campaigns. I am not a lawyer, and "2 U.S.C. § 437g (a) (2)" means about as much to me as a Peruvian zip code. I am a private citizen living in a small town in upstate New York, angered by what I perceive to be an unethical campaign practice in a U.S. Senatorial primary race, and seeking redress as a member of the Electorate. Since there are laws governing the conduct of campaigns for Federal offices, I hope that the practice at issue violates those laws, but am not certain what does constitute a violation.

To address the requirements outlined in the second paragraph of your letter: this complaint letter will be signed, sworn and notarized. My full name, address and telephone number are as follows:

David L. Chatfield
P.O. Box 29
Lebanon Springs, New York 12114
(518) 794-8618

The statement of facts as I know them is as follows:

On Monday evening, September 13, 1976, the eve of New York's Primary Election, at 10:30 p.m. on television broadcasting station WTEN, Channel 10 in the Albany area, a political commercial was aired, showing a back view of a woman in a hat, obviously intended to depict Rep. Bella Abzug. A male voice recited a list of wild, undocumented charges against Rep. Abzug, using her name, including assertions that she used "doctored" tapes against her opponent in her last Congressional election, and personally halted construction on Manhattan's West Side Highway. There was no voice announcement of the commercial's sponsor, but a tiny line of print (too small to read) flashed on the screen for about a second. I find this kind of "eleventh hour" smear politics disgusting, regardless of whom the target is. I called WTEN (518) 436-4822 the next morning to find out who sponsored the commercial. I was informed by their Program Department that the

only political ad at that time, according to their log, was sponsored by the Abe Hirschfeld for Senate Committee. I asked to speak to someone in the station's Management to register my complaint, and was referred to a Stan Roman. Mr. Roman said he would view the commercial and call me back. He did call and confirmed the Hirschfeld sponsorship, admitting that the print shown might have been difficult to read. Mr. Hirschfeld's other political announcements during the campaign clearly identified the sponsor in bold letters, so this seems to be an obvious attempt to smear an opponent while avoiding identification.

The only evidence available to me are my wife's and my observations of the commercial, my conversations as outlined above, and similar observations by my co-workers at the office. I feel certain that WIEN's log and the video tape of the commercial will confirm these facts. A comparison of the degree of sponsor identification on this commercial with the degree of identification used on other, positive Hirschfeld campaign commercials will disclose a significant difference. Since there were 5 Democratic Senatorial candidates, avoiding identification seems a way of avoiding the certain backlash from this repulsive practice by "mingling with the crowd".

Hope this is sufficient for you to proceed with your investigation.

Memorandum for the Record

From: Craig Crooks

Subject: Concerned New Yorkers for Abe Hirschfeld

I spoke with Dave Spiegel this morning concerning this matter and expressed to him my feeling that this was a very serious matter. It appears to me to be an attempt by the committee to receive corporate contributions. Dave felt it was more of a policy matter that could probably be resolved by asking the Committee to give back any excess money not expended for construction. Dave said he would have Any Athy give me a call on this matter.

Memorandum for: Drew McKay
From: Patricia Schering *ps*
Subject: Concerned New Yorkers for Abe Hirschfeld
Frank Ceo (212/869-0788)

As you requested, I called the above committee to ascertain if they were including non-campaign receipts and expenditures in the disclosure reports of the committee.

Frank Ceo returned my call today. He stated the committee formed an incorporated business to make a profit for the campaign as he specializes in construction projects. He did not tell me just what it was they built - but their reasoning seemed to be tax-motivated.

He further stated that the committee had submitted an advisory opinion to the Commission but never received a response. The only AO I find in the index is AO 1975-62 which requests whether or not the payment of fundraising costs by a contributor constitutes a contribution. Mr. Ceo did not go into detail about the transactions reported in the report - he just mentioned they had a lot of press inquiries. It does seem a bit far-out. I would suggest you consider having one of the senior investigators from AID look into this further.

PRESS MEMO: TO DREW PETER/STEVE

Abe Hershfeld for Senate

a reporter from New York called about Hershfeld for Senate Jan. 31 report.

apparently Hershfeld's parking garage company (reporter didn't know if it is corporation) gave the campaign \$190,000 to do sub-contract work in the company's garage - total cost to committee came to about \$120,000 - they are claiming the \$70,000 different apparently as a "profit" ! ! ! !

I told the reporter I couldn't comment on an actual case - particularly one that would depend on technical facts such as whether the company is a corporation, what the personal relationship of the candidate to the company is, what the contract was between the committee and the company, and what the actual nature of the \$70,000 was.

I said that without speaking in any way as to this case, there could be problems of corporate contributions, and of the initial money being treated as an advance or loan rather than a legitimate business transaction, but that again this depended on a more thorough analysis of the actual facts.

apparently the committee is quite open about this situation, and pleased as punch with their finesse in getting around the law. the committee told the reporter "we wondered when someone would get around to galling about this."

The reporter asked to be kept informed. I went through the confidentiality requirements if it was something we looked into. He may call back to ask for an acknowledgment at some time as to whether we are looking into it.

I also said it wasn't clear what we would be doing with any investigatory work because of court suit
