Re: MUR 655

Dear Mr. Geis:

On June 11, 1979, the Commission voted to take no further action regarding the Nebraska Democratic State Central Committee's ("NDSCC") violation of 2 U.S.C. § 441b. The Commission also voted to find that the NDSCC is affiliated with the county Democratic committees in Nebraska. As a result, the NDSCC and county committees which qualify as political committees may not contribute in excess of \$5,000 per election to a federal committee or candidate for federal office. However, the Commission also decided to take no further action against the NDSCC and the Valley County Central Committee for contributing together in excess of \$5,000 to the Zorinsky for U.S. Senate Committee for the general election in 1976.

Please assure in the future that the NDSCC and Democratic county committees which qualify as political committees do not exceed the \$5,000 overall limit per federal candidate per election.

The file in this matter is now closed. We have enclosed a copy of the certification of the Commission's vote. Copies of reports and decisions in MUR 655 will be placed in the public disclosure file in this matter. Thank you for your cooperation.

Sincerely,

William C. Oldaker

GENERAL COUNSEL'S REPORT

BACKGROUND

On August 30, 1978, the Commission found reason to believe the Nebraska Democratic State Central Committee, ("NDSCC"), violated 2 U.S.C. § 441b by accepting corporate contributions as well as transfers from county and local committees suspected of having accepted corporate or labor organization contributions. The Commission also found reason to believe that the Zorinsky for U.S. Senate Committee violated 2 U.S.C. § 441b by accepting transfers totaling \$12,068.31 from the NDSCC and county committees in Nebraska suspected of having accepted corporate and labor organization contributions. Furthermore, on November 15, 1978, the Commission found reason to believe that the NDSCC and the Valley County Central Committee violated 2 U.S.C. § 441a(a)(2)(A) by contributing together in excess of \$5,000 to the Zorinsky for U.S. Senate Committee.

ANALYSIS

Prohibited Contributions

The NDSCC contacted its 35 unregistered committee contributors and received responses from all but one. The responses indicate that only two counties accepted corporate contributions totaling \$57.50. Counsel for the respondent states that this

70040141697

amount was transferred into the separate segregated account for state elections when it was discovered the transfers contained some corporate money.

Regarding the NDSCC's deposit of \$2,175 in direct corporate and labor contributions into its general account, the committee explains that for many years it was a party rule that the NDSCC should maintain a single account. A separate account for state elections was established in March 1977, but up until that time corporate and labor organization contributions were deposited into the NDSCC's single account for state and federal activity. The NDSCC Treasurer, aware of the § 441b prohibition, kept separate bookkeeping records for the corporate and labor organization contributions.

Although the Commission does not recognize bookkeeping segregation of corporate and labor organization contributions from federally permissible funds as satisfactory compliance with 2 U.S.C. § 441b, the Office of General Counsel recommends that the Commission take no further action in this instance for the following reasons. The NDSCC did not support any Federal candidates from its general account during the time that corporate and labor organization contributions were on deposit, that is November 1975 to June 20, 1976. Also, the NDSCC transferred an amount equal to the sum of these prohibited contributions to a Nebraska gubernatorial candidate on June 30, 1976.

70040141691

Of 22 unregistered committees that contributed to the Zorinsky for U.S. Senate Committee, we have received copies of letters from 18 committees showing that they did not receive corporate or labor union contributions. The Treasurer of the Zorinsky for U.S. Senate Committee also wrote that he received calls from two other committees. According to him, these committees claim they did not contribute funds containing corporate or union monies to the Zorinsky for U.S. Senate Committee. Two remaining unregistered committees contributed \$150 and \$200 to the Zorinsky for U.S. Senate Committee; however, they have not replied to that committee's inquiries.

We believe that in light of the above evidence, there is no reasonable cause to believe the Zorinsky for U.S. Senate Committee's acceptance of transfers from unregistered committees constituted a violation of 2 U.S.C. § 441b. Furthermore, on February 8, 1979, the Commission decided to take no action with respect to political committees which receive transfers not aggregating in excess of \$1,000 each from unregistered committees so long as there is no evidence of a scheme to circumvent the contribution limitations and prohibitions. (This decision is incorporated in Commission Directive 19.) No such evidence appears in the case at hand. We also recommend that the Commission find no reasonable cause to believe the Zorinsky for U.S. Senate Committee violated 2 U.S.C. § 441b by accepting transfers from the NDSCC because the NDSCC was a registered, reporting committee and no evidence indicates that prohibited contributions were being funnelled to the Zorinsky for U.S. Senate Committee via the NDSCC.

Affiliation

If the NDSCC and the Valley County Central Committee are affiliated political committees for purposes of the Act, then their combined contributions of \$5,624 1/ to the Zorinsky for U.S. Senate Committee constitute an excessive contribution in violation of 2 U.S.C. § 441a(a)(2)(A).

The NDSCC contends that the county central committees in Nebraska do not constitute "political committees established, financed, maintained or controlled," by the NDSCC and that their contributions should not be aggregated with those of the NDSCC for purposes of 2 U.S.C. § 441a(a)(2)(A). Respondent relies on AO 1978-9 to the Iowa Republican State Central Committee in support of its position. The Office of General Counsel, however, believes that the NDSCC and county committees in Nebraska are affiliated. The following discussion compares the findings in the Iowa Advisory Opinion and the facts in the matter at hand.

As does the Iowa Republican State Central Committee, the NDSCC assigns a percentage of its yearly operations budget to each county via a "quota system." The Nebraska county quotas are determined by multiplying the number of registered Democrats per county by 70 cents.

---

1/ The Valley County Central Committee contributed \$700 and the NDSCC contributed \$4,924.

70040141693

7 9 0 1 1 5 9 1  
The NDSCC asserts that the quota system is "largely" a bookkeeping system that credits purchases of Jefferson-Jackson dinner tickets and contributor club memberships to the quota of the county where the contributor resides. While the quota system is considered to be a voluntary fundraising guideline and not an assessment against the county committee, some counties in Nebraska do contribute directly to the NDSCC on the basis of their established quota. For the period the NDSCC was audited, (January 1, 1976 to May 1978), it received transfers totaling \$20,471.49 from the county committees. 2/

The Republican State Central Committee of Iowa also received transfers from Iowa county committees; however, none of these transfers were deposited in the Federal account since all financing for Federal purposes came from state income tax revenues through a checkoff system. The NDSCC, on the other hand, maintained until March 1977 a single account for state and federal elections. All transfers from the county committees were deposited into this account. After March 1977, when a separate state account was established, the NDSCC deposited transfers from the county committees into the account preserved for Federal purposes. Thus, in Nebraska, funds received from county committees were available during the entire audit period for use in connection with federal elections. By our estimate, transfers from the county committees accounted for 7.9%, 4.4%

and 6.6% of the Federal account's receipts in 1976, 1977, and the first three months of 1978 respectively.

7 7 0 1 0 1 4 1 6 9 5  
The Office of General Counsel also reviewed copies of correspondence between the NDSCC and county committees. (See attached). This correspondence pertains to county committees meeting their county quota assessments and contacting prospective contributors for an array of NDSCC contribution clubs.<sup>3/</sup> From this correspondence, it is evident that the county committees are considered very instrumental in enlisting membership for the NDSCC's contribution clubs. Although we have no evidence that the counties and the NDSCC contributed to federal candidates in cooperation, consultation or concert, it is quite apparent that the county committees, by means of direct transfers and membership campaigns, are a major means of fundraising for the NDSCC.

Several other considerations were noted in the Iowa AO and are compared here to the NDSCC and Nebraska county committees. As in Iowa, the only transfers made by the NDSCC to the counties are rebates for joint fundraising. In 1976, 1977 and 1978, these transfers amounted to less than 1% of the NDSCC's total expenditures in each year. Finally, while in both Iowa and Nebraska, the State Central Committee and the county committees are created by state law and entitled to hold conventions and

---

<sup>3/</sup> Governor's Club, Gold Club, Century Club, Jefferson-Jackson membership.

elect officers,<sup>4/</sup> in Iowa the counties are instructed by statute to adopt their own constitutions, by-laws, and operating procedures. In Nebraska, however, the counties are entitled to adopt their own constitutions, by-laws, and operating procedures by virtue of the Constitution of the Nebraska Democratic Party.

In summary, we believe that the NDSCC and the Democratic County committees in Nebraska have not overcome the presumption of affiliation because it appears that the NDSCC receives a considerable amount of money as well as extensive fundraising assistance from the county committees.

Under 11 CFR § 110.3(b)(2)(ii), "all contributions made by political committees established, financed, maintained or controlled by a state party committee and by subordinate state party committees shall be presumed to be made by one political committee." The Office of General Counsel believes that the evidence indicates the NDSCC and county committees in Nebraska are affiliated since the State Central Committee appears to control, to some extent, the fundraising activities of the counties and the counties finance, in part, the NDSCC. Therefore, the contributions to a federal candidate by the NDSCC and the county committees are subject to the \$5,000 limitation per election set out in 2 U.S.C. § 441a(a)(2)(A). However, we recommend that the Commission take no further action

---

<sup>4/</sup> The relevant Nebraska revised statute is § 32-550, attached.

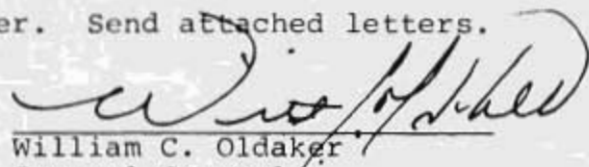

with respect to the excessive contribution (\$624) to Edward Zorinsky in 1976 from the NDSCC and the Valley County Central Committee. Only one county committee was involved, and the Zorinsky for U.S. Senate Committee was not made a respondent for receipt of the excessive contribution and will not be required to return it. Furthermore, the excessive contribution occurred prior to the promulgation of the regulations which established the affiliation presumption.

Recommendations

1. Take no further action with respect to the NDSCC's violation of 2 U.S.C. § 441b.
2. Find no reasonable cause to believe the Zorinsky for U.S. Senate Committee violated 2 U.S.C. § 441b.
3. Take no further action with regard to the NDSCC's and the Valley County Central Committee's violation of 2 U.S.C. § 441a(a)(2)(A).

Re: MUR 655

Dear Mr. Geis:

On , 1979, the Commission voted to take no further action regarding the Nebraska Democratic State Central Committee's ("NDSCC") violation of 2 U.S.C. § 441b. The Commission also voted to find that the NDSCC is affiliated with the county Democratic committees in Nebraska. As a result, the NDSCC and county committees which qualify as political committees may not contribute in excess of \$5,000 per election to a Federal committee or candidate for Federal office. However, the Commission also decided to take no further action against the NDSCC and the Valley County Central Committee for contributing together in excess of \$5,000 to the Zorinsky for U.S. Senate Committee for the general election in 1976.

Please assure in the future that the NDSCC and Democratic county committees which qualify as political committees do not exceed the \$5,000 overall limit per Federal candidate per election.

The file in this matter is now closed. We have enclosed a copy of the final General Counsel's Report and certification of the Commission's vote. Copies of reports and decisions in MUR 655 will be placed in the public disclosure file in this matter. Thank you for your cooperation.

Re: MUR 655

Dear Ms. Fuller:

On May , 1979, the Commission voted to find that the Nebraska Democratic State Central Committee ("NDSCC") is affiliated with the county Democratic committees in Nebraska. As a result, the NDSCC and county committees which qualify as political committees may contribute together not in excess of \$5,000 to a candidate for Federal office. The Commission also voted to take no further action against the Valley County Central Committee and the NDSCC for contributing together in excess of \$5,000 to the Zorinsky for U.S. Senate Committee. Should your Committee continue to qualify as a political committee by contributing in excess of \$1,000 per year to Federal candidates or committees, we advise that you assure your contributions to a Federal candidate or committee do not aggregate in excess of \$5,000 per election when combined with those of the NDSCC and other county political committees in Nebraska.

We have enclosed a copy of the final General Counsel's Report in this matter as well as the certification of the Commission's vote.

The file in this matter is now closed. Copies of reports and decisions pertaining to this MUR will be placed in the public disclosure file.

Interim Investigative Report

On August 30, 1978, the Commission found reason to believe that the Nebraska Democratic State Central Committee, (NDSCC), violated 2 U.S.C. § 441b by accepting corporate contributions as well as transfers from county and local committees which were suspected of having accepted corporate or labor organization contributions. The Commission also found reason to believe that the Zorinsky for U.S. Senate Committee violated 2 U.S.C. § 441b by accepting transfers totaling \$12,068.31 from the NDSCC. Furthermore, on November 15, 1978, the Commission found reason to believe that the NDSCC and the Valley County Central Committee violated 2 U.S.C. § 441a(a)(2)(A) by contributing together in excess of \$5,000 to the Zorinsky for U.S. Senate Committee.

The staff has received the information requested of the Respondents and is now completing a General Counsel's Report in this matter which will be circulated in the next week.

Dear Mr. Oldaker:

On March 3, 1979 I sent you copies of letters sent to fourteen counties in the State of Nebraska requesting information about transfers made to the Zorinsky for U.S. Senate Campaign in 1976. Since that date, I have received eleven written replies stating that no contributions came from corporations or unions. In addition, two counties contacted me by telephone. The two counties were Lincoln County and Douglas County. The officials of both counties said that in their opinion, no funds that were contributed to the Zorinsky for U.S. Senate Committee came from corporations or unions.

The responses enclosed substantiates the position that no corporate or union funds were transferred by counties to the Zorinsky for U.S. Senate Campaign Committee in 1976. Based upon these documents, I would hope that your review of this matter could be concluded as quickly as possible.

Sincerely yours,

INTERIM INVESTIGATIVE REPORT

On August 30, 1978, the Commission found reason to believe the Nebraska Democratic State Central Committee, ("NDSCC") violated 2 U.S.C. §441b by accepting corporate contributions as well as transfers from county and local committees which were suspected of having accepted corporate or labor organization contributions. The staff is preparing a General Counsel's report which discusses the NDSCC's responses to our allegations. However this Office is waiting for the Zorinsky for U.S. Senate Committee to forward to us replies to additional questionnaires the Committee sent to county committees in Nebraska regarding their source of funds. We will shortly submit a full General Counsel's Report when these response have been received.

Re: MUR 655

Dear Mr. Abrahamson:

Our staff has reviewed the letter dated November 15, 1978, from Mr. David Buntain, counsel for the Nebraska State Democratic Committee. Attached to that letter are statements from 34 Democratic county committees describing the nature of the funds which they collected.

Of these 34 committees, only 8 contributed to the Zorinsky for U.S. Senate Committee in 1976. On October 19, 1978, in our letter to you, we attached a list of 22 county committees which made transfers to the Zorinsky for U.S. Senate Committee.

We would appreciate your obtaining statements similar to those submitted by the Nebraska State Democratic Committee from the 14 remaining committees whose receipts have not yet been clarified. In cases where you do not receive a reply from a county committee, please submit evidence of your efforts to obtain the requested information.

In order that this matter may be expeditiously resolved, please forward the requested evidence as soon as possible.

Sincerely,

William C. Oldaker

INTERIM INVESTIGATIVE REPORT

On August 30, 1978, the Commission found reason to believe that the Zorinsky for U.S. Senate Committee violated 2 U.S.C. § 441b by accepting transfers totaling \$12,068.31 from the Nebraska Democratic State Central Committee, ("NDSCC"), and county committees in Nebraska which were suspected of having accepted corporate and labor organization contributions. The Commission also found reason to believe that the NDSCC violated 2 U.S.C. § 441b by accepting corporate contributions as well as transfers from county and local committees which are suspected of having accepted corporate or labor organization contributions.

On November 15, 1978, the Commission further found reason to believe that the NDSCC and the Valley County Central Committee violated 2 U.S.C. § 441a(a)(2)(A) by contributing together in excess of \$5,000 to the Zorinsky for U.S. Senate Committee for the general election in 1976.

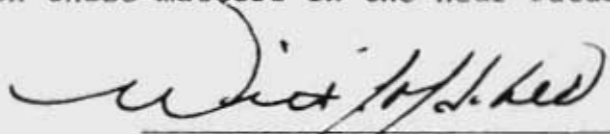

The NDSCC has replied fully to the Commission's allegations and the staff is working on a General Counsel's Report which analyzes the analogies the Respondent has drawn between the Iowa party structure and the Nebraska party structure.

This Office has also requested the Zorinsky for U.S. Senate

Committee to submit further information concerning the sources of the funds received by unregistered Democratic county committees in Nebraska. Some information has already been received but there are still several counties which made transfers to the Committee for which no information has yet been submitted.

The Office of General Counsel expects to submit a full report to the Commission on these matters in the near future.

INTERIM INVESTIGATIVE REPORT

On August 30, 1970, the Commission found reason to believe that the Zorinsky for U.S. Senate Committee violated 2 U.S.C. §441b by accepting transfers totaling \$12,068.31 from the Nebraska Democratic State Central Committee, ("NDSCC"), and county committees in Nebraska which are suspected of having accepted corporate and labor organization contributions. The Commission also found reason to believe that the NDSCC violated 2 U.S.C. §441b by accepting corporate contributions as well as transfers from county and local committees which are suspected of having accepted corporate or labor organization contributions.

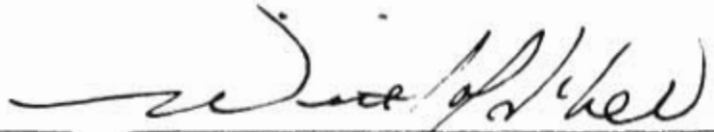

Furthermore, on November 15, 1978, the Commission found reason to believe that the NDSCC and the Valley County Central Committee violated 2 U.S.C. §441a(a)(2)(A) by contributing together in excess of \$5,000 to the Zorinsky for U.S. Senate Committee. (The Commission found no reason to believe that the Zorinsky for U.S. Senate Committee violated 2 U.S.C. §441a(f) by accepting these contributions.). Letters of notification to the respondents of these recent allegations were mailed November 21, 1978.

The NDSCC and the Zorinsky for U.S. Senate Committee have replied fully to the Commission's allegations of acceptance of contributions in violation of 2 U.S.C. § 441b.

Counsel for the NDSCC has assured this Office that he will be mailing his response to the § 441a(a)(2)(A) allegations by the end of this week.

The Office of General Counsel expects to write a complete General Counsel's Report addressing all allegations and responses within the next two weeks.

Re: Nebraska Democratic State Central Committee  
Your File No.: MUR655

Dear Ms. Lindsay:

72040111752

This is in response to the letter of November 21, 1978, from Mr. William C. Oldaker to Mr. Donald Geis, as Treasurer for the Nebraska Democratic State Central Committee ("NDSCC"). I have been asked by the NDSCC to represent the committee in responding to this letter. In addition, a copy of Mr. Oldaker's letter of the same date to Ms. Kay Fuller, as Treasurer of the Valley County Central Committee, has been forwarded to me. While I do not represent the Valley Committee, I believe that the approach which the Commission takes toward the NDSCC will also govern its treatment of the Valley Committee. Since you are the staff member who has been handling these matters and we have discussed them previously, I have decided to respond directly to you.

I understand that the information contained in Mr. Oldaker's letter was derived from an audit which was conducted by the Federal Election Commission auditors, covering the period from January 1, 1976, through March 31, 1978. Based upon this audit, I understand that you are now alleging a violation of 2 U.S.C. §441a(a)(2)(A), as implemented by Part 110.3(b)(2)(ii) of your Regulations. The Commission is concerned that during the 1976 general election, the Valley County Central Committee and the NDSCC transferred \$700.00 and \$4,924.00 respectively to the Zorinsky for U.S. Senate Committee. If the two committees are affiliated for purposes of the federal election law, then the two contributions add up to more than \$5,000, in violation of the above-cited statute.

Ms. Clare Lindsay  
January 10, 1979

The NDSCC contends that the county central committees in Nebraska do not constitute "political committees established, financed, maintained or controlled" by the NDSCC and therefore their contributions should not be aggregated with those of the state party. In support of its position, the NDSCC relies upon Advisory Opinion 1978-9 of the Commission and the facts and circumstances surrounding the relationship between the county central committees and the state central committee in Nebraska.

A careful comparison of the legal structure and operation of the Nebraska committees with the Iowa Republican committees involved in AO1978-9 indicates that the two party structures are practically identical.

As in Iowa, the Democratic state committee and the 93 county committees are created by state statute. Under Nebraska law, the county committees are separate and independent from the state committee. I am enclosing photocopies of Neb. Rev. Stat. §§32-550 through 32-558, which govern the formation of the county and state central committees at their respective county conventions. While this statutory structure is not as comprehensive as that provided under Iowa law, it is clear that the Nebraska Legislature intended that the county central committees and the state central committees would be separate entities. After their respective biennial conventions are held, the county and state central committees' authority and power to function between conventions is incidental to and dependent upon the statutory authority to meet in convention.

Apparently, your preliminary determination that Nebraska's county and state parties are affiliated for purposes of §441a(a)(2)(A) was based in part upon provisions in the Constitution, By-Laws, and organizational chart of the NDSCC. While there is no question that the county and state parties do have some interrelationships, a careful review of these documents and the committees' operating procedures shows that these relationships do not render the county committees to be branches of the state committee. I assume that you have in your files copies of the current Constitution for the Democratic Party of the State of Nebraska and the Party's Rules of Procedures. Under Article IV of the Constitution, the State Central Committee, the State Executive Committee, the Congressional District organization, and the officers of the state party are all established through the State Convention mandated by state law. Section 6, concerning "County

Ms. Clare Lindsay

Conventions," is clearly intended to define the mechanism by which delegates from the various counties will be chosen to attend the state convention. In the case of both non-metropolitan and metropolitan counties, the Constitution specifically recognizes that these counties, "shall hold a county convention in the manner prescribed by law." The description of what may transpire at a county convention contained in Section 6 is merely an elaboration on the statutory powers set forth at §32-550 of Nebraska law.

Similarly, the Rules of Procedure of the state party pertain almost entirely to operation of the state convention and state party apparatus. The only section pertaining to the county committees is Article IX, which again paraphrases the enabling statutes and the Constitution of the state party. The only additional requirements set forth in the Rules of Procedure are that precinct committee men and committee women should be chosen from each precinct at the county conventions and that the top two county officials should be of the opposite sex. The latter requirement, as you may be aware, has been imposed upon all Democratic organizations nationally by the Democratic National Committee. Concerning the requirement of electing precinct workers, it is important to note that Section IX.2 provides that such persons "should be elected," and is not mandatory.

The NDSCC does not have any significant degree of control over the operations of the county committees. Indeed, the county committees are free to elect their own officers and to adopt their own constitutions, by-laws, and operating procedures. The state party does not exercise any control over their fundraising efforts, their budgets, their expenditures, or their campaign contributions. Thus, a careful review of the Constitution, Rules of Procedure, and structure of the NDSCC indicates that the statutory separation of the county and state central committees has been preserved. There is nothing to suggest that the county committees are "established, financed, maintained or controlled" by the state party.

Further, in the area of finances the independence of the parties is particularly evident. The county central committees are financed entirely with the money which they are able to raise at the local level. They do not receive any contributions from the NDSCC. The state and counties do have one joint fundraising project, the Democratic Sustaining Club (DSC), which is conducted on a small scale. The state party's bookkeeper estimates that a

Ms. Clare Lindsay

Page Four

total of about \$100 is transferred annually from the state to some counties as the counties' share of the proceeds from the sale of DSC memberships for \$15 and \$12 apiece. To the best of my knowledge and that of other officers of the NSDCC, no county party has received funds, "from any other political committee, established, financed, maintained or controlled by any party unit" of the NSDCC, which is one of the conditions for entertaining the presumption set forth in Part 110.3(b)(2)(ii) of your Regulations.

In looking at the financial situation of the state party, the records which have been filed with the Commission clearly show that the principal source of income derived by the state party is from individual contributions. A majority of the contributions on an annual basis come from the Jefferson-Jackson Dinner. The state party has undertaken other types of special fundraisers, including telethons, to increase the amount of individual contributions which it receives.

As with the Iowa Republican party, the NSDCC each year adopts a budget for party operations for the coming year and a percentage of that budget is assigned to each county. This so-called "quota system" was developed a number of years ago in an effort to make Democrats in various counties across the state aware of their obligation to support the state party. A county's annual quota is determined by multiplying the number of registered Democrats in that county by 70 cents. The records of the party show that this is largely a bookkeeping system. As tickets to the Jefferson-Jackson Dinner are purchased, the county where the contributor resides receives a credit toward its quota. In addition, some county committees do make a contribution to the state party, based upon the established quota. The party's bookkeeper estimates that the state party has received about a dozen such contributions from county committees during each of the last three years. The county quota system is merely a fundraising guideline and is not in any way an assessment against the county committee. Indeed, there is no enforcement mechanism provided against counties which do not make their quotas. Only about ten to fifteen counties annually generate revenue which equals or exceeds their assigned quota.

Finally, the amount of funds received from the counties as payments toward their quotas is only a small fraction of the total state budget. As the figures previously provided to the Commission should show, contributions by the counties toward

Ms. Clare Lindsay  
January 10, 1979  
Page Five

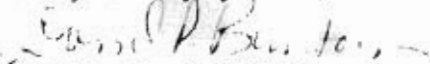

the quota system accounted for about 7 percent of the state party budget in 1976, 8 percent in 1977, and less than 5 percent in 1978. During these years, receipts from the Jefferson-Jackson Dinner constituted 73 percent, 82 percent and 87 percent of the state budget respectively.

It should be further noted that the state party exercises no control whatsoever over the fundraising activities of the county committees. Further, the state committee does not exercise any control over any amounts which are raised by the county committees. These decisions are entirely within the discretion of the county committees themselves. Thus since contributions by the county committees to candidates for federal office are not made in cooperation, consultation or concert with, or at the request or suggestion of, the state committee, the presumption of affiliation set forth in §110.3(b)(2)(ii) does not apply.

#### CONCLUSION

As the foregoing explanation indicates, it would be incorrect for the Commission to determine that Nebraska's Democratic county central committees are "political committees established, financed, maintained or controlled" by the NDSCC. Since there is no factual basis for entertaining the presumption set forth in your Regulations, the Commission should conclude that no violation has occurred. If there is any other information which would be of help to you in concluding your investigation, please let me know.

Very truly yours,

MUR 655

INTERIM INVESTIGATIVE REPORT

On August 30, 1978, the Commission found reason to believe that the Zorinsky for U.S. Senate Committee violated 2 U.S.C. § 441b by accepting transfers totaling \$12,068.31 from the Nebraska Democratic State Central Committee, ("NDSCC"), and county committees in Nebraska which are suspected of having accepted corporate and labor organization contributions. The Commission also found reason to believe that the NDSCC violated 2 U.S.C. § 441b by accepting corporate contributions as well as transfers from county and local committees which are suspected of having accepted corporate or labor organization contributions.

Furthermore, on November 15, 1978, the Commission found reason to believe that the NDSCC and the Valley County Central Committee violated 2 U.S.C. § 441a(a)(2)(A) by contributing together in excess of \$5,000 to the Zorinsky for U.S. Senate Committee. (The Commission found no reason to believe that the Zorinsky for U.S. Senate Committee violated 2 U.S.C. § 441a(f) by accepting these contributions.). Letters of notification to the respondents of these recent allegations were mailed November 21, 1978.

The NDSCC and the Zorinsky for U.S. Senate Committee have

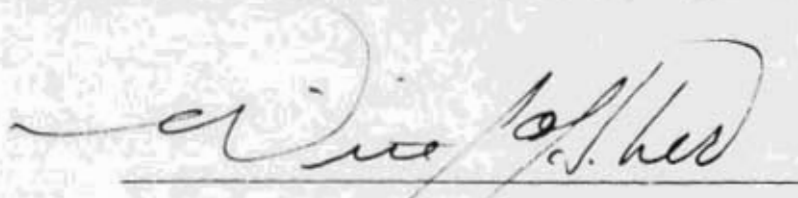

replied fully to the Commission's allegations of acceptance of contributions in violation of 2 U.S.C. § 441b. The replies from both of these committees required more than the usual 10 days allowed because of the necessity to contact and receive replies from 35 county committees in Nebraska.

Both the NDSCC and the Valley County Central Committee have received the Commission's notifications of findings dated November 21, 1978, however, neither committee has responded formally as yet. We have been notified that counsel for the NDSCC is examining the issues and collecting relevant information.

The Office of General Counsel will write a complete General Counsel's Report addressing all allegations and responses made in this matter as soon as the Valley County Central Committee and the NDSCC have replied to the Commission's most recent letters to them.

Re: MUR 655

Dear Mr. Oldaker:

I have been asked by the Nebraska Democratic State Central Committee to assist them with two additional matters which have arisen as a result of the Commission's recent audit of the Committee.

First, I today received a copy of your letter of November 21, 1978, concerning an alleged violation of 2 U.S.C. §441a(a)(2)(A) of the Federal Election Campaign Act. I have asked the Committee's staff to provide me with some more information concerning this complaint and I will try to respond to the allegations as quickly as possible. I would therefore like to request an extension of the ten-day deadline included in the letter for providing additional information.

Second, the Committee has recently filed an amended report disclosing additional information in line with findings and recommendations which were made by the audit staff. The only problem which the Committee was not able to correct involved deficiencies in the disclosure of the occupation and/or principal place of business of 279 contributors to the Committee. The Committee's efforts to comply with this recommendation have been hampered by the fact that the audit staff did not identify those contributors about whom the information was inconclusive.

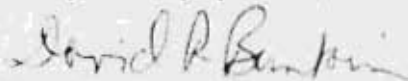

I have advised the Committee to use its best efforts to identify the 279 persons referred to in the audit findings and to prepare a letter to them requesting the additional information in order

Mr. William C. Oldaker  
November 30, 1978  
Page Two

to supplement this part of the amended report. The staff will send each such contributor a stamped, self-addressed postcard, with a request that they return the card with the proper information as to their occupation and principal place of business. Once this information has been collected, the staff will submit photocopies of the responses, together with an affidavit from the staff member in charge explaining in detail the procedures which were followed to gather this information. In our view, this should be sufficient to satisfy the "best efforts" requirement for audit compliance.

I trust that these arrangements will be acceptable to you and the audit staff. Thank you for your attention to this matter.

Very truly yours,

DAVID R. BUNTAIN

P.S. Since dictating the foregoing letter, I have been advised that it would be appropriate to request additional time from the Commission so that the contributors can be contacted as described in item two. If such a request for an extension of time is necessary, please consider this letter to constitute our request for an extension. We will try to obtain the described information and forward it as fast as possible.

In re: Senator Edward Zorinsky--Nebraska Democratic  
State Central Committee

Dear Ms. Lindsay:

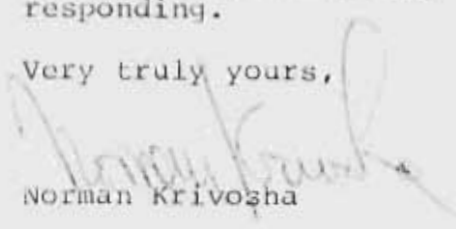

Mr. Alvin Abramson has asked that I write to you in connection with your request for information concerning the campaign of Senator Zorinsky and proceeds which were accepted by him from the Democratic State Central Committee.

I am now in receipt of a copy of a letter dated November 15, 1978, from Mr. David Buntain to you concerning that matter. It would seem to me that the statements contained in Mr. Buntain's letter would fully and adequately explain how and where the funds came from and would fully demonstrate that the proceeds received by Senator Zorinsky could not have been from corporate or labor contributions. As Mr. Buntain points out there may have been a technical violation by the State Democratic Committee for a brief period. Obviously, the intent and purpose of the act was not in any manner violated. In view of the fact that the State Democratic Party received proceeds far in excess of that which was given to Senator Zorinsky and far in excess of the minor amounts which may have been received from a family farming corporation, it would not appear to me that any violation can be said to have occurred. We would, of course, be glad to provide you with further documentation but in view of the fact that the State Democratic Party has already provided you with much information, further documentation would not appear to be necessary. The questionnaires obtained by the State Central Committee would appear to me to be sufficient. However, should you require anything further we would be glad to try and obtain it for you. In any event, we will be glad to provide

Ms. Clare Lindsay

you with anything further you feel necessary. We will await hearing from you and we do appreciate all of your consideration in affording us an opportunity to gather the information before responding.

Very truly yours,

RE: Unregistered Party Committees in Nebraska  
in 1976

On November 15, 1978, the Commission voted to refer to the Reports Analysis Division findings made by the Audit Division from candidate and party committee reports that the following entities failed to register and report as political committees in 1976: the Burt County Democrats, the Nuckolls County Central Committee, the Valley County Central Committee and the Knox County Central Committee.

Review of the reports of the Nebraska Democratic State Central Committee and the Zorinsky for U.S. Senate Committee will reveal that each of the above-named unregistered entities transferred in excess of \$1,000 to political committees in 1976.

Please find attached a directory of county committees in Nebraska which may prove helpful in contacting the committees in question.

Re: MUR 675

Dear Mr. Geis:

This letter is to inform you that, in addition to the findings cited in our letter to you dated September 6, 1978, the Commission has found reason to believe that the Nebraska Democratic State Central Committee has violated 2 U.S.C. § 441a(a)(2)(A) of the Federal Election Campaign Act, as amended ("the Act").

Part 110.3(b)(2)(ii) of the Commission's Regulations states,

"All contributions made by the political committees established, financed, maintained or controlled by a State party committee shall be presumed to be made by one political committee. This presumption shall not apply if-  
(A) the political committee of the party unit in question has not received funds from any other political committee established, financed, maintained or controlled by any party unit; and  
(B) the political committee of the party unit in question does not make its contributions in cooperation,

consultation or concert with, or at the request or suggestion of any other party unit or political committee established, financed, maintained or controlled by another party unit."

The Commission believes that the Nebraska State Central Committee ("NDSCC") and subordinate Democratic committees in Nebraska are affiliated by virtue of the duties and powers of the Central Committee as set forth in the constitution, by-laws, and organizational chart of the Democratic Party of Nebraska. Moreover, correspondence between the Central Committee and subordinate committees as well as the more than 20 year-old quota contribution system which funnels money from the county committees to the Central Committee seem to point to the affiliated nature of the Democratic committees in Nebraska.

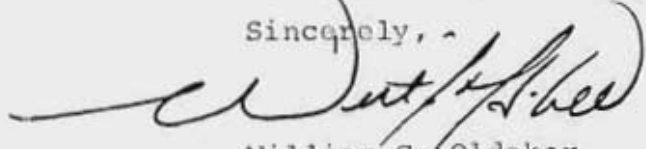

The NDSCC, as a registered multi-candidate political committee, had, in 1976 a \$5,000 overall contribution limit per Federal candidate per election. 2 U.S.C. § 441a(a)(2)(A). Presuming that the NDSCC and subordinate Democratic units in Nebraska were affiliated, the \$5,000 per election limit to an individual Federal candidate would apply singly to all contributions by the NDSCC and subordinate committees (which qualify as political committees under the Act) to that Federal candidate.

For the general election in 1976, the Valley County Central Committee and the NDSCC transferred \$700 and \$4,924 respectively to the Zorinsky for U.S. Senate Committee. Together these two contributions aggregated in excess of \$5,000 and, if these two donor committees are affiliated, these contributions are excessive and in violation of 2 U.S.C. § 441a(a)(2)(A).

Upon making a determination that there is reason to believe that a violation has occurred, the Commission is required to make an investigation and to afford you a reasonable opportunity to demonstrate that no action be taken. As part of this process, please submit within 10 days of receipt of this letter, any legal or factual materials which you deem relevant to the Commission's investigation of this matter. Failure to respond to this letter may cause the Commission to take further action based on the information at hand.

This letter of notification shall remain confidential in accordance with 2 U.S.C. § 437g(a)(3) unless you state to the Commission, in writing, that you wish the investigation to be made public. The staff member assigned to this matter is Clare Lindsay (telephone number 202 523-4176.)

Part 111.3(-)(2)(ii) of the Commission's Regulations reads:

Re: MUR 655

Dear Mr. Abrahamson:

This letter is to inform you that on November 15, 1978, the Commission found no reason to believe that the Zorinsky for U.S. Senate Committee violated 2 U.S.C. § 441a(f) of the Federal Election Campaign Act, as amended ("the Act"), for receipt of excessive contributions.

Part 110.3(b)(2)(ii) of the Commission's Regulations states:

"All contributions made by the political committees established, financed, maintained, or controlled by a State party committee shall be presumed to be made by one political committee. This presumption shall not apply if -- (A) the political committee of the party unit in question has not received funds from any party unit; and (B) the political committee of the party unit in question does not make its contributions in cooperation, consultation, or concert with, or at the request or suggestion of any other party unit or political committee established, financed, maintained or controlled by another party unit."

The Commission believes that the Nebraska Democratic State Central Committee ("NDSCC") and subordinate Democratic committees in Nebraska are affiliated by virtue of the duties and powers of the Central Committee as set forth in the constitution, by-laws, and organizational chart of the Democratic

Party of Nebraska. Moreover, correspondence between the Central Committee and subordinate committees as well as the more than twenty year old quota contribution system which funnels money from the county committees to the Central Committee seem to point to the affiliated nature of the Democratic committees in Nebraska.

The NDSCC, as a registered multi-candidate political committee, had, in 1976, a \$5,000 overall contribution limit per Federal candidate per election. 2 U.S.C. § 441a (a)(2)(A). Presuming that the NDSCC and subordinate Democratic party units in Nebraska were affiliated, the \$5,000 per election limit to an individual Federal candidate would apply singly to all contributions by the NDSCC and subordinate committees, which qualify as political committees under the Act, to that Federal candidate.

Together, these two contributions aggregated in excess of \$5,000 and, if these two donor committees are affiliated, these contributions would be excessive and accepted in violation of 2 U.S.C. § 441a(f).

However, the Commission decided that your committee could not have knowingly accepted these excessive contributions because you had no way of determining that the Valley County Central Committee would qualify as a political committee during 1976 and, that its contributions would therefore count toward the overall \$5,000 limit of affiliated Democratic committees in Nebraska.

This letter does not alter other findings made against your committee of which you were notified in our letter of September 6, 1978.

Dear Counselor:

Pursuant to our conversation of this morning, please let me state the following to be our policy regarding the handling of contribution checks, and more specifically in determining whether or not a check may be a corporate contribution.

All contribution checks are examined twice, first by the Executive Director and then by the bookkeeper. If there is a question about a check which can't be resolved by examining it, the Secretary of State's office is called and asked whether or not the donor is a corporation. We do not keep a log of these calls, but we will establish a log from this date forward so that we can document our contacts in checking on possible corporation contributions.

Trusting this meets with your approval, I remain

Very truly yours,

Lloyd Herbener

CERTIFICATION

I, Marjorie W. Emmons, Secretary to the Federal Election Commission, do hereby certify that on November 15, 1978, the Commission, meeting in Executive Session at which a quorum was present, took the following actions in MUR 655:

1. Determined by a vote of 5-0 to refer to Reports Analysis findings that the Burt County Democrats, the Nuckolls County Central Committee, the Valley County Central Committee, and the Knox County Central Committee failed to register and report as political committees in violation of 2 U.S.C. §§433 and 434.

Commissioners Aikens, Harris, McGarry, Springer, and Tiernan voted affirmatively for this determination. Commissioner Thomson was not present at the time of the vote.

2. Determined by a vote of 5-0 to find reason to believe that the NDSOC and the Valley County Central Committee violated 2 U.S.C. §441a(a)(2)(A) by contributing together in excess of \$5,000 to the Zorinsky for U. S. Senate Committee.

Commissioners Aikens, Harris, McGarry, Springer, and Tiernan voted affirmatively for this determination. Commissioner Thomson was not present at the time of the vote.

(Continued on page 2)

3. Determined by a vote of 4-1 to find no reason to believe that the Zorinsky for U. S. Senate Committee violated 2 U.S.C. §441a(f) by accepting excessive contributions from the Valley County Central Committee and the NDSOC.

Commissioners Aikens, Harris, McGarry, and Tiernan voted affirmatively for this determination. Commissioner Springer dissented. Commissioner Thomson was not present.

4. Determined by a vote of 5-0 to authorize the sending of the letters attached to the General Counsel's Report dated November 13, 1978, except for the letter to the Zorinsky for U. S. Senate Committee which will be redrafted by the General Counsel and circulated to the Commission for approval.

Commissioners Aikens, Harris, McGarry, Springer, and Tiernan voted affirmatively for this determination. Commissioner Thomson was not present.

RE: MUR 655

The Office of General Counsel requests to substitute the General Counsel's Report dated October 26, 1978, for MUR 655 with the attached General Counsel's Report for the closed session agenda on November 15, 1978.

This new report is substantively identical to the original report except that one additional committee, the Valley County Central Committee has been included in the findings, and the Harlan County Democrats have been omitted.

BEFORE THE FEDERAL ELECTION COMMISSION

In the Matter of	)	
	)	
Nebraska Democratic State	)	MUR 655
Central Committee	)	
Zorinsky for U.S. Senate	)	
Committee	)	

GENERAL COUNSEL'S REPORT

On August 30, 1978, the Commission found reason to believe that the Zorinsky for U.S. Senate Committee violated 2 U.S.C. § 441b by accepting transfers totaling \$12,068.31 from the Nebraska Democratic State Central Committee, ("NDSCC"), and county committees in Nebraska which are suspected of having accepted corporate and labor union contributions. The Commission also found reason to believe that the NDSCC violated 2 U.S.C. § 441b by accepting corporate or labor union contributions and transfers totaling \$20,471.49 from county and local committees which are suspected of having accepted corporate or labor union contributions.

After further discussion with the auditors concerning information gathered during the audit of the NDSCC and re-examination of the legal questions which arise in

connection with the facts, the Office of General Counsel believes that several additional findings remain to be made in connection with this MUR so that findings in this matter may serve as a precedent for future investigations.

Four unregistered county committees in Nebraska each made transfers which aggregated slightly over \$1,000 in 1976 to the NDSCC and to Candidates for Federal office: Valley County Central Committee transferred \$1,185; Burt County Democrats transferred \$1,261.40; Nuckolls County Central Committee transferred \$1,100; and the Knox County Central Committee transferred \$1,050.

Under 2 U.S.C. § 431(d), a political committee is any committee, club, association or other group which receives contributions or makes expenditures during a calendar year in an aggregate amount exceeding \$1,000. Therefore, these four county committees qualified as political committees under the Act in 1976. As political committees, these entities were required to register and report with the Commission, which they failed to do in violation of 2 U.S.C. §§ 433 and 434.

Moreover, evidence points to the fact that the NDSCC and Democratic County committees in Nebraska are affiliated by virtue of the duties and powers set forth in the constitution, by-laws and organizational chart of the Democratic Party of Nebraska as well as correspondence between the county committees. Furthermore, the NDSCC received substantial transfers from the county committees, many of which resulted from a 20 year county quota contribution system established to help defray the NDSCC's operating expenses.

The Zorinsky for U.S. Senate Committee received contributions aggregating in excess of \$5,000 from the NDSCC and 22 county Democratic committees in 1976. However, as stated in AO 1978-9 only contributions from entities which qualify as political committees are chargeable against the State's overall contribution limit per Federal candidate.

One of the above-mentioned county committees which qualified as political committees in 1976, the Valley County Central Committee, contributed \$700 to the Zorinsky for U.S. Senate Committee for the general election in 1976. This contribution together with the transfer of \$4,924 from the NDSCC to the Zorinsky campaign constitute excessive contributions in violation of 2 U.S.C. § 441a(a)(2)(A) from these allegedly affiliated committees.

The Office of General Counsel recommends that the Commission find reason to believe that the Valley County Central Committee and the NDSCC contributed in excess of \$5,000 to the Zorinsky for U.S. Senate Committee. We also recommend that the Commission find reason to believe that the Zorinsky for U.S. Senate Committee accepted these contributions, in violation of 2 U.S.C. § 441a(f).

We also recommend that the failure of the Burt County Democrats, the Nuckolls County Central Committee, the Valley County Central Committee, and the Knox County Central Committee to register and report as political committees be referred to the Reports Analysis Division for further action. So that the

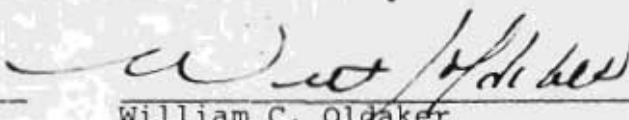

Valley County Central Committee will not be confused by receipt of both an RFAI from the Reports Analysis Division and a notification of reason to believe from the Office of General Counsel, we have added in our letter to the Committee reference to the communication they will receive from Reports Analysis in connection with registration and reporting violations.

#### RECOMMENDATIONS

1. Refer to Reports Analysis findings that the Burt County Democrats, the Nuckolls County Central Committee, the Valley County Central Committee, and the Knox County Central Committee failed to register and report as political committees in violation of 2 U.S.C. §§ 433 and 434.
2. Find reason to believe that the NDSCC and the Valley County Central Committee violated 2 U.S.C. § 441a(a) (2)(A) by contributing together in excess of \$5,000 to the Zorinsky for U.S. Senate Committee.
3. Find reason to believe that the Zorinsky for U.S. Senate Committee violated 2 U.S.C. § 441a(f) by accepting excessive contributions from the Valley County Central Committee and the NDSCC.
4. Send attached letters.

Re: MUR 655

Dear Mr. Abrahamson:

This letter is to inform you that, in addition to the findings cited in our letter to the Committee dated September 6, 1978, the Commission has found reason to believe that the Zorinsky for U.S. Senate Committee has violated 2 U.S.C. § 441a(f) of the Federal Election Campaign Act, as amended ("the Act").

Part 110.3(b)(2)(ii) of the Commission's Regulations states,

"All contributions made by the political committees established, financed, maintained or controlled by a State party committee shall be presumed to be made by one political committee. This presumption shall not apply if- (A) the political committee of the party unit in question has not received funds from any other political committee established, financed, maintained or controlled by any party unit; and (B) the political committee of the party unit in question does not make its contributions in cooperation, consultation or concert with, or at the request or suggestion of any other party unit or political committee established, financed, maintained or controlled by another party unit."

7 2 0 4 0 1 4 1 3 1 2

The Commission believes that the Nebraska Democratic State Central Committee ("NDSCC") and subordinate Democratic committees in Nebraska are affiliated by virtue of the duties and powers of the Central Committee as set forth in the constitution, by-laws, and organizational chart of the Democratic Party of Nebraska. Moreover, correspondence between the Central Committee and subordinate committees as well as the more than twenty year old quota contribution system which funnels money from the county committees to the Central Committee seem to point to the affiliated nature of the Democratic committees in Nebraska.

The NDSCC, as a registered multi-candidate political committee, had, in 1976, a \$5,000 overall contribution limit per Federal candidate per election. 2 U.S.C. § 441a(a)(2)(A). Presuming that the NDSCC and subordinate Democratic party units in Nebraska were affiliated, the \$5,000 per election limit to an individual Federal candidate would apply singly to all contributions by the NDSCC and subordinate committees (which qualify as political committees under the Act) to that Federal candidate.

For the general election in 1976, the Valley County Central Committee, (the only unregistered party unit which qualified as political committee under the Act and contributed to the Zorinsky for U.S. Senate Committee), and the NDSCC transferred \$700, and \$4,924, respectively to the Zorinsky for U.S. Senate Committee. Together, these two contributions aggregated in excess of \$5,000 and, if these two donor committees are affiliated, these contributions were excessive and accepted in violation of 2 U.S.C. § 441a(f).

Upon making a determination that there is reason to believe that a violation has occurred, the Commission is required to make an investigation and to afford you a reasonable opportunity to demonstrate that no action be taken. As part of this process, please submit within 10 days of receipt of this letter, any legal or factual materials which you deem relevant to the Commission's investigation of this matter. Failure to respond to this letter may cause the Commission to take further action based on the information at hand.

This letter of notification shall remain confidential in accordance with 2 U.S.C. § 437g(a)(3) unless you state to the Commission, in writing, that you wish the investigation to be made public. The staff member assigned to this matter is Clare Lindsay (telephone number 202 523-4176.)

Re: MUR 655

Dear Ms. Fuller:

This letter is to notify you that on the basis of information ascertained in the ordinary course of carrying out its supervisory responsibilities, the Federal Election Commission has determined that it has reason to believe that the Valley County Central Committee has violated 2 U.S.C. § 441a(a)(2)(A) of the Federal Election Campaign Act, as amended ("the Act").

Part 110.3(b)(2)(ii) of the Commission's Regulations states,

"All contributions made by the political committees established, financed, maintained or controlled by a state party committee shall be presumed to be made by one political committee. This presumption shall not apply if (A) the political committee of the party unit in question has not received funds from any other political committee established, financed, maintained or controlled by any party unit; and (B) the political committee of the party unit in question does not make its contributions in cooperation, consultation, or concert with, or at the request or suggestion of any other party unit or political committee established, financed, maintained or controlled by another party unit."

The Commission believes that the Nebraska Democratic State Central Committee and subordinate Democratic Committees in Nebraska are affiliated by virtue of the duties and powers

of the Central Committee as set forth in the constitution, by-laws, and organizational chart of the Democratic Party of Nebraska. Moreover, correspondence between the Central Committee and subordinate committees as well as the more than 20 year-old quota contribution system which funnels money from county committees to the Central Committee seem to point to the affiliated nature of Democratic committees in Nebraska.

The NDSCC and the Valley County Central Committee contributed \$4,924 and \$700 respectively to the Zorinsky for U.S. Senate Committee for the general election in 1976. If the NDSCC, and the Valley County Central Committee are affiliated, these two contributions are excessive and in violation of 2 U.S.C. § 441a(a)(2)(A).

As part of this process, please submit within 10 days of receipt of this letter, any legal or factual materials which you deem relevant to the Commission's investigation of this matter. Failure to respond to this letter may cause the Commission to take further action based on the information at hand.

The Valley County Central Committee will also be receiving notification from the Commission's Reports Analysis Division concerning the Committee's failure to register and report as a political committee in 1976. 2 U.S.C. § 431(d) requires that any committee, club, association or other group of persons which receives contributions or makes expenditures during a calendar year in an amount exceeding \$1,000 is a political committee. Under 2 U.S.C. §§ 433 and 434 all political committees must register and report their receipts and expenditures to the Commission.

Re: Nebraska Democratic State Central Committee  
Your File No.: MUR655

Dear Ms. Lindsay:

This is in reponse to the letter of September 6, 1978, from Mr. William C. Oldaker to Mr. Donald Geis, as Treasurer for the Nebraska Democratic State Central Committee ("NDSCC"). I have been asked by the NDSCC to represent the Committee in responding to Mr. Oldaker's letter. Since you are the staff member who is handling this and we have discussed it previously, I am taking the liberty of responding directly to you.

First, I would like to express my appreciation for the additional time which you gave to us to prepare this response. Because we felt it was necessary to contact the treasurers of the Democratic county committees across Nebraska, we have needed the additional time in order to obtain information from them. Also, this has afforded me an opportunity to familiarize myself fully with the issues raised by Mr. Oldaker's letter.

It is my understanding that the information contained in Mr. Oldaker's letter was derived from an audit which was conducted by Federal Election Commission auditors, covering the period from January 1, 1976 through March 31, 1978. Based upon this audit, I understand that you are alleging two types of violations of 2 U.S.C. §441b during the period covered by the audit. First, your audit disclosed that the NDSCC has accepted 14 direct contributions from corporations and labor organizations, totaling \$2,175 during the audit period. Second, your audit further disclosed that during this period the NDSCC may have received indirect contributions from corporations or labor organizations, by

Ms. Clare Lindsay  
November 15, 1978  
Page Two

virtue of their acceptance of transfers from Democratic county committees in Nebraska. I would like to analyze each of these alleged violations separately.

1. Corporate and Labor Contributions: As Mr. Oldaker's letter indicates, under 2 U.S.C. §441b, political committees are not permitted to accept contributions from corporations or labor organizations unless these contributions are deposited into a separate segregated account for state election contributions. For many years the operating rules for the NDSCC has prohibited the Committee from maintaining more than one bank account. As I understand the history of this rule, it resulted from problems which arose many years ago when state party administrators established a number of accounts and lost control of the party's fiscal situation. Because of these problems and the impracticability of maintaining several accounts, the party adopted a rule requiring maintenance of a single account.

Thus it is true that during a portion of the period during which the audit was conducted, the NDSCC did not have a separate bank account for state election contributions. Such a separate state account was established in March, 1977, and has been maintained to the present date. From January, 1976, until creation of the separate bank account in March, 1977, the NDSCC did have a separate bookkeeping account, whereby the contributions from corporations and labor organizations were deposited and shown in the account for state election contributions. All of the money shown in this account was contributed to state party candidates and none of it was contributed to federal candidates.

Therefore, it would appear that the NDSCC is at worst guilty of a technical violation of the U.S.C. §441b, for the first 15 months of the 27 months covered by the audit. There were only a small number of corporate and labor contributions, which were in an insubstantial amount. Further, even before the separate bank account was established the NDSCC was aware of the need to segregate such contributions and there is no evidence that any of the contributions went for the support of a candidate for federal election. Finally, it is undisputed that the NDSCC has maintained a separate state account since March 1977. Because of the de minimus nature of the violation and the fact that the committee is now in compliance, no useful purpose would be served in prosecuting the NDSCC for the alleged violation.

2. County Democratic Committee Contributions: Part of the financial support for the NDSCC comes from contributions by Democratic County committees across the state. During the 27-month

Mr. Clare Lindsay  
November 15, 1978  
Page Three

audit, the state party received 85 transfers from a total of 35 county committees. Generally the county committees have small treasuries and receive the bulk of their income from small contributions and individual ticket sales for fund-raising dinners. In many instances, it is not practical for these committees to maintain separate accounts, because of the small amount of money which they handle on an annual basis. In working with the treasurers of the various county committees, the state party has stressed the importance of not accepting labor and corporate contributions.

In January, 1978, when the question of transfers from the county committees first arose, Loren B. Belker, who was then Treasurer of the party, wrote individual letters to each county committee treasurer, asking for a report as to how many labor or corporate contributions had been received by that county in the previous year. When all of the counties had responded, only one, Nuckolls County, indicated that it had received a contribution from a corporation or labor organization. According to the Nuckolls County committee treasurer, a family corporation had contributed \$52.50, consisting of a purchase of seven tickets at \$7.50 each for a fund raising dinner. It was apparently this contribution which caught the eye of your auditors and was the basis for them determining that the transfers from county committees included corporate or labor contributions.

After receiving Mr. Oldaker's letter, I arranged with the NDSCC staff to prepare a questionnaire to all 35 county committees which had made transfers to the state party during the audit period. You will find enclosed photocopies of the responses which we have received from all but one of the counties. The treasurer of Dawson County, which gave a total of \$100.00, during the audit period, has been out of town and has not yet responded. We will forward a copy of his response as soon as it is received.

As you can see, only one other county, Burt County, reports that it received a corporate contribution during the audit period, in the amount of \$5.00. Thus although the state party did receive transfers in excess of \$20,000 from Democratic County Committees during the 27-month audit period, there appear to be only two instances where these transfers included corporate or labor contributions. These contributions totaled \$57.50. In both instances, once it was discovered that corporate or labor contributions were included, these amounts were transferred into the separate segregated account for state election contributions.

Mr. Clare Lindsay  
November 15, 1978  
Page Four

I have advised the NSDCC that from now on they should require county treasurers to affirm, at the time of each transfer to the state party, that that transfer does not come from a fund which includes contributions from corporations and labor organizations. Once this practice is established, it should eliminate any potential future problems with transfers from the county committees.

As with the problem with direct contributions from corporations and labor organizations, the actual amount of such contributions reaching the state party indirectly through county party transfers is extremely small. Since the state party has indicated a willingness to avoid any future contributions which could be tainted with corporate or labor donations, prosecution for this alleged violation would also appear to be unwarranted.

CONCLUSION

I hope that the foregoing explanation clarifies the position of the NDSCC concerning this matter. The committee has always tried to cooperate with the Federal Election Commission fully. As always, if there is any additional information which would be of help to you in concluding your investigation, please let me know.

Very truly yours,

Dear Clare:

As I mentioned to you the early part of this week, we are attempting to conclude our review of various funds transferred from the Democratic State Central Committee and various Democratic county committees in the state of Nebraska to the 1976 Zorinsky U.S. Senate Campaign Committee.

As our review progresses we find that in the state of Nebraska, monies are primarily raised, and especially this is true in counties, by means of picnics, barbecues and small fund-raising dinners. Our review, when completed, will show that all of these funds came from individual contributors.

Again, thank you for your assistance and willingness to allow us sufficient time to conclude this matter.

Sincerely yours,

In the Matter of )

Nebraska Democratic State ) MUR 655  
Central Committee )  
Zorinsky for U. S. )  
Senate Committee )

GENERAL COUNSEL'S REPORT

On August 30, 1978, the Commission found reason to believe that the Zorinsky for U. S. Senate Committee violated 2 U.S.C. § 441b by accepting transfers totaling \$12,068.31 from the Nebraska Democratic State Central Committee, ("NDSCC"), and county committees in Nebraska which are suspected of having accepted corporate and labor organization contributions. The Commission also found reason to believe that the NDSCC violated 2 U.S.C. § 441b by accepting corporate or labor union contributions and transfers totaling \$20,471.49 from county and local committees which are suspected of having accepted corporate or labor union contributions.

After further discussion with the auditors concerning information gathered during the audit of the NDSCC and re-examination of the legal questions which arise in

connection with the facts, the Office of General Counsel believes that several additional findings remain to be made in connection with this MUR so that findings in this matter may serve as a precedent for future investigations.

Five unregistered county committees in Nebraska each made transfers which aggregated slightly over \$1000 in 1976 to the NDSCC and to Candidates for Federal office: Valley County Central Committee transferred \$1185; Burt County Democrats transferred \$1261.40; Harlan County Democrats transferred \$1031.50; Nuckolls County Central Committee transferred \$1100 and, the Knox County Central Committee transferred \$1050.

Under 2 U.S.C. § 431(d), a political committee is any committee, club, association or other group which receives contributions or makes expenditures during a calendar year in an aggregate amount exceeding \$1000. Therefore, these five county committees qualified as political committees under the Act in 1976. As political committees, these entities were required to register and report with the Commission, which they failed to do in violation of 2 U.S.C. §§ 433 and 434.

Moreover, evidence points to the fact that the NDSCC and Democratic county committees in Nebraska are affiliated by virtue of the duties and powers set forth in the constitution, by-laws and organizational chart of the Democratic Party of Nebraska as well as correspondence between the county committees. Furthermore, the NDSCC received substantial transfers from the county committees, many of which resulted from a 20 year

county quota contribution system established to help defray the NDSCC's operating expenses.

The Zorinsky for U.S. Senate Committee received contributions aggregating in excess of \$5000 from the NDSCC and 22 county Democratic committees in 1976. However, as stated in AO 1978-9 only contributions from entities which qualify as political committees are chargeable against the State's overall contribution limit per Federal candidate.

One of the above-mentioned county committees which qualified as a political committee in 1976, the Harlan County Democrats, contributed \$400 to the Zorinsky for U.S. Senate Committee. This contribution together with the transfer of \$4,924 from the NDSCC to the Zorinsky for U.S. Senate Committee constitute an excessive contribution in violation of 2 U.S.C. § 441a(a)(2)(A) from these two allegedly affiliated committees.

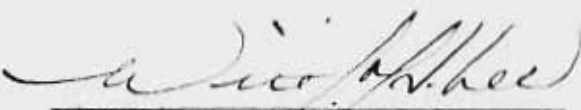

The Office of General Counsel recommends that the Commission find reason to believe that the Harlan County Democrats and the NDSCC contributed in excess of \$5000 to the Zorinsky for U.S. Senate Committee. We also recommend that the Commission find reason to believe that the Zorinsky for U.S. Senate Committee accepted these contributions, in violation of 2 U.S.C. § 441a(f), made in excess of statutory limits by affiliated committees.

#### RECOMMENDATIONS

1. Refer to Reports Analysis findings that the Valley County Committee, the Burt County Democrats, the Harlan County Democrats, the Nuckolls County Central Committee and the Knox County Central Committee violated 2 U.S.C. §§ 433 and 434 for failing to register and report in 1976.

2. Find reason to believe that the NDSCC and the Harlan County Democrats violated 2 U.S.C. § 441(a) (2) (A) by contributing together in excess of \$5000 to the Zorinsky for U.S. Senate Committee.
3. Find reason to believe that the Zorinsky for U.S. Senate Committee violated 2 U.S.C. § 441a(f) by accepting excessive contributions from the Harlan County Democrats and the NDSCC.

Re: MUR 655

Dear Mr. Abrahamson:

This letter is to inform you that, in addition to the findings cited in our letter to the Committee dated September 6, 1978, the Commission has found reason to believe that the Zorinsky for U.S. Senate Committee has violated 2 U.S.C. § 441a(f) of the Federal Election Campaign Act, as amended ("the Act").

Part 110.3(b)(2)(ii) of the Commission's Regulations states,

"All contributions made by the political committees established, financed, maintained or controlled by a State party committee shall be presumed to be made by one political committee. This presumption shall not apply if- (A) the political committee of the party unit in question has not received funds from any other political committee established, financed, maintained or controlled by any party unit; and (B) the political committee of the party unit in question does not make its contributions in cooperation, consultation or concert with, or at the request or suggestion of any other party unit or political committee established, financed, maintained or controlled by another party unit."

The Commission believes that the Nebraska Democratic State Central Committee ("NDSCC") and subordinate Democratic committees in Nebraska are affiliated by virtue of the duties and powers of the Central Committee as set forth in the constitution, by-laws, and organizational chart of the Democratic Party of Nebraska. Moreover, correspondence between the Central Committee and subordinate committees as well as the more than twenty year old quota contribution system which funnels money from the county committees to the Central Committee seem to point to the affiliated nature of the Democratic committees in Nebraska.

The NDSCC, as a registered multi-candidate political committee, had, in 1976, a \$5,000 overall contribution limit per Federal candidate per election. 2 U.S.C. § 441a(a)(2)(A). Presuming that the NDSCC and subordinate Democratic party units in Nebraska were affiliated, the \$5,000 per election limit to an individual Federal candidate would apply singly to all contributions by the NDSCC and subordinate committees (which qualify as political committees under the Act) to that Federal candidate.

For the general election in 1976, the Harlan County Democrats (the only unregistered party unit which qualified as a political committee under the Act and contributed to the Zorinsky for U.S. Senate Committee) and the NDSCC transferred \$400 and \$4924 respectively to the Zorinsky for U.S. Senate Committee. Together, these two contributions aggregate in excess of \$5000 and, if the two donor committees are affiliated, these contributions were excessive and accepted in violation of 2 U.S.C. § 441a(f).

Upon making a determination that there is reason to believe that a violation has occurred, the Commission is required to make an investigation and to afford you a reasonable opportunity to demonstrate that no action be taken. As part of this process, please submit within 10 days of receipt of this letter, any legal or factual materials which you deem relevant to the Commission's investigation of this matter. Failure to respond to this letter may cause the Commission to take further action based on the information at hand.

This letter of notification shall remain confidential in accordance with 2 U.S.C. § 437g(a)(3) unless you state to the Commission, in writing, that you wish the investigation to be made public. Dear Mr. Geis:

This letter is to inform you that, in addition to the findings cited in our letter to you dated September 6, 1978, the Commission has found reason to believe that the Nebraska Democratic State Central Committee has violated 2 U.S.C. § 441a(a)(2)(A) of the Federal Election Campaign Act, as amended ("the Act").

Re: MUR 655

Dear Ms. Freburg:

This letter is to notify you that on the basis of information ascertained in the ordinary course of carrying out its supervisory responsibilities, the Federal Election Commission has determined that it has reason to believe that the Harlan County Democrats violated 2 U.S.C. §§ 433, 434, and 441a(a)(2)(A) of the Federal Election Campaign Act, as amended ("the Act").

It has come to our attention that the Harlan County Democrats transferred a total of \$1,031.50 to registered Federal political committees in 1976: \$531.50 to the Nebraska Democratic State Central Committee ("NDSCC"); \$100 to the Dyas for Senate Committee; and \$400 to the Zorinsky for U.S. Senate Committee.

Under 2 U.S.C. § 431(d), a political committee is any committee, club, association, or other group of persons which receives contributions or makes expenditures during a calendar year in an aggregate amount exceeding \$1,000. Included in the definition of expenditures are transfers to political committees. 2 U.S.C. § 431(f)(3). The transfers by the Harlan County Democrats to the Nebraska Democratic State Central Committee, the Dyas for Congress

Committee, and the Zorinsky for U.S. Senate Committee constitute expenditures aggregating in excess of \$1,000 in the calendar year 1976, which qualify your committee as a political committee under the Act.

Under 2 U.S.C. §§ 433 and 434, political committees are required to register and report their receipts and expenditures to the Commission. Failure of the Harlan County Democrats to do so constitutes violations of these sections of the Act.

Part 110.3(b)(2)(ii) of the Commission's Regulations states,

"All contributions made by the political committees established, financed, maintained or controlled by a state party committee shall be presumed to be made by one political committee. This presumption shall not apply if- (A) the political committee of the party unit in question has not received funds from any other political committee established, financed, maintained, or controlled by any party unit; and (B) the political committee of the party unit in question does not make its contributions in cooperation, consultation or concert with, or at the request or suggestion of any other party unit or political committee established, financed, maintained or controlled by another party unit."

The Commission believes that the Nebraska Democratic State Central Committee and subordinate Democratic committees in Nebraska are affiliated by virtue of the duties and powers of the Central Committee as set forth in the constitution, by-laws, and organizational chart of the Democratic Party of Nebraska. Moreover, correspondence between the Central Committee and subordinate committees as well as the more than 20 year-old quota contribution system which funnels money from county committees to the Central Committee seem to point to the affiliated nature of the Democratic committees in

Nebraska.

The NDSCC, as a registered multi-candidate political committee had, in 1976, a \$5,000 overall contribution limit per Federal candidate per election. 2 U.S.C. § 441a(a)(2)(A). Presuming that the NDSCC and subordinate Democratic party units in Nebraska were affiliated, the \$5,000 per election limit would singly apply to all contributions by the NDSCC and subordinate committees to a Federal candidate in 1976.

The NDSCC and the Harlan County Democrats contributed \$4,924 and \$400 respectively to the Zorinsky for U.S. Senate Committee for the general election in 1976. If the NDSCC and the Harlan County Democrats are affiliated, these two contributions aggregated are excessive and in violation of 2 U.S.C. § 441a(a)(2)(A).

Upon making a determination that there is reason to believe that a violation has occurred, the Commission is required to make an investigation and to afford you a reasonable opportunity to demonstrate that no action be taken. As part of this process, please submit within 10 days of receipt of this letter, any legal or factual materials which you deem relevant to the Commission's investigation of this matter. INTERIM REPORT

On August 30, 1978, the Commission found reason to believe that the Nebraska Democratic State Central Committee violated 2 U.S.C. § 441b by accepting corporate contributions and transfers from committees which are suspected of having accepted corporate contributions. The Commission also found reason to believe that the Zorinsky for U.S. Senate Committee violated 2 U.S.C. § 441b by accepting transfers from the Nebraska Democratic State Central Committee and county committees suspected of having accepted corporate and labor organization contributions.

The Office of General Counsel has been contacted by telephone and letter by both the Nebraska Democratic State Central Committee and the Zorinsky for U.S. Senate Committee advising us that counsel for the State Central Committee will be answering on behalf of both respondents. Counsel for the respondents has just written the Office of General Counsel explaining that some additional time will be needed for a response to be prepared; however, one should be forthcoming in the near future.

Dear Clare:

By this letter I am acknowledging the letter from the Federal Election Commission dated September 6, 1978. In that letter, the Commission alludes to the fact that the Zorinsky For U.S. Senate Campaign Committee accepted \$12,068.31 in transfers from both the Democratic State Central Committee and various Democratic county committees in the State of Nebraska.

As I mentioned to you yesterday, we are in the process of developing evidential data which will conclude in the fact that these transfers of funds did not represent corporate contributions. By making this statement I wish to alert you to the fact that a thorough study is being made and I respectfully request that the Commission be alerted to our efforts and that as soon as we conclude our review we shall submit our findings to both you and the Federal Election Commission.

If you need any additional information during the interim period, please feel free to contact me.

Sincerely yours,

Re: MUR 655

Dear Mr. Zein:

This letter is to notify you that on the basis of information ascertained in the ordinary course of carrying out its supervisory responsibilities, the Federal Election Commission has determined that it has reason to believe that the Zorinsky for U.S. Senate Committee has violated 2 U.S.C. § 441b of the Federal Election Campaign Act, as amended ("the Act").

Under 2 U.S.C. § 441b, it is unlawful for a political committee to accept or receive contributions from corporations and/or labor organizations. For purposes of this prohibition the term "contribution" is defined to include "any direct or indirect payment... or gift of money... to any [Federal] candidate, [or] campaign committee...".

The Zorinsky for U.S. Senate Committee accepted, in 1976, \$12,068.31 in transfers from the Nebraska Democratic State Central Committee, ("NDSCC"), and 22 Democratic county committees in Nebraska.

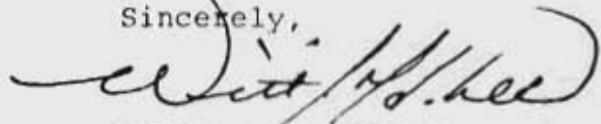

Since corporate contributions are legal in Nebraska for purposes of State elections, and since the above committees maintained only one account into which all contributions were deposited, presumably including corporate contributions or transfers containing corporate monies, the transfers accepted by the Zorinsky for U.S. Senate Committee from these committees represent indirect corporate contributions.

Upon making a determination that there is reason to believe that a violation has occurred, the Commission is required to make an investigation and to afford you a reasonable opportunity to demonstrate that no action

be taken. As part of this process, please submit within 10 days of receipt of this letter, any legal or factual materials which you deem relevant to the Commission's investigation of this matter. Failure to respond to this letter may cause the Commission to take further action based on the information at hand.

Re: MUR 655

Dear Mr. Geis:

This letter is to notify you that on the basis of information ascertained in the ordinary course of carrying out its supervisory responsibilities, the Federal Election Commission has determined that it has reason to believe the Nebraska Democratic State Central Committee ("NDSCC") violated the Federal Election Campaign Act, as amended.

Specifically, the Commission found reason to believe that NDSCC violated 2 U.S.C. § 441b during the period covered by the audit by accepting 12 contributions totaling \$1,890.00 from corporations and 2 contributions totaling \$285.00 from labor organizations and 85 transfers totaling \$20,471.49 from Democratic county committees in Nebraska.

Under 2 U.S.C. § 441b, political committees such as the NDSCC are not permitted to accept contributions from corporations or labor organizations unless these contributions are deposited into a separate segregated account for state election contributions. The NDSCC did not establish a separate state account until March 1977.

For purposes of 2 U.S.C. § 441b, the term "contribution" includes "any direct or indirect payment... or gift of money ... to any [Federal] candidate, [or] campaign committee...".

In that corporate contributions are legally permissible for purposes of State elections in Nebraska and county committees in Nebraska generally maintain only one account into which all contributions are deposited, the Commission has reason to believe that transfers from these committees contain corporate funds.

Your attention is also directed to the provisions of 11 C.F.R. § 102.6(b). Under this section of the Commission's regulations committees such as the NDSCC which support Federal candidates may not accept transfers from accounts or committees established by a State committee, subordinate committee of a State committee, or another political committee except from a committee or account which maintains a separate, segregated Federal account or which accepts only contributions which are permissible under the Federal Election Campaign Act and whose contributors are informed of the Federal contribution limitations and prohibitions.

Upon making a determination that there is reason to believe that a violation has occurred, the Commission is required to make an investigation and to afford you a reasonable opportunity to demonstrate that no action be taken. As part of this process, please submit within 10 days of receipt of this letter any factual or legal materials which you deem relevant to the Commission's investigation of this matter. Failure to respond to this letter may cause the Commission to take further action based on the information at hand.

GENERATION OF MATTER

This matter was referred to the Office of General Counsel on the basis of findings made by the Audit Division during the audit of the Nebraska Democratic State Central Committee.

SUMMARY OF ALLEGATIONS

That the Nebraska Democratic State Central Committee violated 2 U.S.C. § 441b in that it accepted transfers totaling \$20,471.49 from county and local committees suspected to have accepted corporate contributions.

That the Zorinsky for U. S. Senate Committee violated 2 U.S.C. § 441b by accepting transfers totaling \$12,068.31 from the NDSCC and county democratic committees in Nebraska which are suspected of having accepted corporate monies or transfers containing corporate monies.

PRELIMINARY LEGAL ANALYSIS

During the course of auditing the Nebraska Democratic State Central Committee ("NDSCC"), the auditors were informed that corporate contributions were permitted in connection with State elections in Nebraska. The NDSCC had maintained a single "general account" which was established prior to 1975 and which, during the period covered by the audit, supported Federal candidates and paid the committees operating expenses. (A separate, restricted depository for State election purposes which could accept corporate contributions was not established until March, 1977).

During the period from November 17, 1975 to May 10, 1976, 14 contributions totaling \$2,175.00 from 12 corporations and 2 labor unions were deposited into the general account where they remained until transferred to Nebraska gubernatorial candidate, James Exon on June 30, 1976.

Although these corporate/labor organization contributions were technically commingled with Federally permissible contributions, which were eventually transferred to Federal candidates, several factors might mitigate a finding that 2 U.S.C. § 441b was violated in this instance. The treasurer, aware that corporate/labor organization contributions may not be accepted by a committee which supports Federal candidates, kept separate bookkeeping records of these contributions to segregate them, at least on paper, from Federally permissible funds. Further no Federal candidates were supported during the period that these contributions were on deposit in the general account.

The Committee appears from its reports to have consistently maintained a general account balance at least equal to the amount of the corporate contributions deposited in the account such that the amount of these contributions could have been transferred to a separate account at any time prior to May 10, 1976.

The auditors were told, not only that corporate contributions were permitted for State elections in Nebraska, but that county committees maintained only one bank account into which they deposited all receipts and from which transfers were made to the NDSCC in 1976 and 1977. The Office of General Counsel believes there is reason to believe that acceptance of these transfers totaling \$20,471.49 by the NDSCC was in violation of 2 U.S.C. § 441b even though the Committee attempted to ensure that these transfers contained no corporate contributions.

The NDSCC informed the county committees via a letter dated January, 1978 containing a reply form, that funds transferred to the NDSCC must be identified as to their source so that corporate contributions would be deposited into the account for State elections. The county committees were also requested to state whether or not they did accept any corporate contributions. Many claimed to have not accepted corporate contributions however the auditors had no means by which to verify these claims.

Moreover acceptance of these transfers from local and county committees was in violation of 11 C.F.R. § 102.6(b) which prohibits committees supporting Federal candidates from accepting transfers from committees which do not maintain segregated accounts for Federally permissible contributions and whose contributors are not notified or do not designate that their contributions may go to Federal candidates.

During a review of the disclosure reports of Nebraska's Federal candidates in 1976 (in order to examine patterns of contribution from Democratic committees in Nebraska) the auditors noted that the Zorinsky for U. S. Senate received 27 transfers totaling \$12,068.31 for the general election in 1976: \$4,924 from the NDSCC and the remaining \$7,144.30 from 22 county committees.\*

Although these transfers cannot be deemed to have been excessive, made in violation of 2 U.S.C. § 441a(2)(A) or accepted in violation of 2 U.S.C. § 441a(f), the Zorinsky for U. S. Senate Committee appears to have violated 2 U.S.C. § 441b in the same manner as the NDSCC by accepting these transfers from committees which did not maintain segregated accounts and likely accepted corporate contributions.

#### RECOMMENDATIONS

1. Find reason to believe the Nebraska Democratic State Central Committee violated 2 U.S.C. § 441b in that it accepted transfers totaling \$20,471.49 from county and local committees which are suspected of having accepted corporate contributions or transfers containing corporate contributions.

2. Find reason to believe that the Zorinsky for U. S. Senate Committee violated 2 U.S.C. § 441b by accepting transfers totaling \$12,068.31 from the NDSCC and county democratic committees in Nebraska which are suspected of having accepted corporate contributions or transfers containing corporate contributions.

\* Although there is evidence to indicate that the NDSCC is affiliated with these county committees, the contributions of these county committees do not count against the State committee's \$5,000 overall limit under 2 U.S.C. § 441a because these county committees do not meet the definition of "political Committees" having failed to contribute excess of \$1000 to candidates for Federal office in 1976. See AO 1978-9.

CERTIFIED MAIL  
RETURN RECEIPT REQUESTED

Donald Geis, Treasurer  
Nebraska Democratic State Central Committee

Lincoln, NE 68510

Re: MUR 655

Dear Mr. Geis:

This letter is to notify you that on the basis of information ascertained in the ordinary course of carrying out its supervisory responsibilities, the Federal Election Commission has determined that it has reason to believe the Nebraska Democratic State Central Committee ("NDSCC") violated the Federal Election Campaign Act, as amended.

Specifically, the Commission found reason to believe the NDSCC violated 2 U.S.C. § 441b by accepting 85 transfers totaling \$20, 471.49 from Democratic county committees in Nebraska.

Under 2 U.S.C. § 441b, political committees such as the NDSCC are not permitted to accept contributions from corporations or labor organizations. For purposes of this section, the term "contribution" includes "any direct or indirect payment... or gift of money... to any [Federal] candidate, [or] campaign committee...".

In that corporate contributions are legally permissible for purposes of State elections in Nebraska and county committees in Nebraska generally maintain only one account into which all contributions are deposited, the Commission has reason to believe that transfers from these committees contain corporate funds.

Your attention is also directed to the provisions of 11 C.F.R. § 102.6(b). Under this section of the Commission's regulations committees such as the NDSCC which support Federal candidates may not accept transfers from accounts or committees established by a State committee, subordinate committee of a State committee, or another political committee except from a committee or account which maintains a separate, segregated Federal account or which accepts only contributions which are permissible under the

Federal Election Campaign Act and whose contributors are informed of the Federal contribution limitations and prohibitions.

Upon making a determination that there is reason to believe that a violation has occurred, the Commission is required to make an investigation and to afford you a reasonable opportunity to demonstrate that no action be taken. As part of this process, please submit within 10 days of receipt of this letter any factual or legal materials which you deem relevant to the Commission's investigation of this matter. Failure to respond to this letter may cause the Commission to take further action based on the information at hand.

This letter on notification shall remain confidential in accordance with 2 U.S.C. § 437g(a)(3) unless you state to the Commission, in writing, that you wish the investigation to be made public. The staff member assigned to this matter is Clare Lindsay, (telephone number 202/523-4040 or toll free 800/424-9530 ext. 50,). The auditors in charge of this matter are Charles Hanshaw and Raymond Lisi, (202/523-4155,).

Donald Zein, Treasurer  
Zorinsky for U.S. Senate Committee  
3923 N. 91st St.  
Omaha, NE 68134

Re: MUR 655

Dear Mr. Zein:

This letter is to notify you that on the basis of information ascertained in the ordinary course of carrying out its supervisory responsibilities, the Federal Election Commission has determined that it has reason to believe that the Zorinsky for U.S. Senate Committee has violated 2 U.S.C. § 441b of the Federal Election Campaign Act, as amended ("the Act").

Under 2 U.S.C. § 441b, it is unlawful for a political committee to accept or receive contributions from corporations and/or labor organizations. For purposes of this prohibition the term "contribution" is defined to include "any direct or indirect payment... or gift of money... to any [Federal] candidate, [or] campaign committee...".

The Zorinsky for U.S. Senate Committee accepted, in 1976, \$12,068.31 in transfers from the Nebraska Democratic State Central Committee, ("NDSCC"), and 22 Democratic county committees in Nebraska.

Since corporate contributions are legal in Nebraska for purposes of State elections, and since the above committees maintained only one account into which all contributions were deposited, presumably including corporate contributions or transfers containing corporate monies, the transfers accepted by the Zorinsky for U.S. Senate Committee from these committees represent indirect corporate contributions.

Upon making a determination that there is reason to believe that a violation has occurred, the Commission is required to make an investigation and to afford you a reasonable opportunity to demonstrate that no action

be taken. As part of this process, please submit within 10 days of receipt of this letter, any legal or factual materials which you deem relevant to the Commission's investigation of this matter. Failure to respond to this letter may cause the Commission to take further action based on the information at hand.

No delegate may vote by proxy and the unit rule shall not be applied.

10. The members of each delegation organized as provided in Section 9 shall elect a Vice-Chairman for such delegation, who, in the absence of the Chairman shall act as Chairman of the delegation.

11. Delegates and Alternates. The county and district conventions, as the case may be, shall select the delegates and alternate delegates to the state and congressional district conventions and shall prescribe the terms and conditions under which the alternates shall

act in the absence of a delegate or delegates. In the absence of any authenticated proceedings thereon, the delegates present shall designate the terms and conditions under which the alternates shall act and such delegates, at the time of selection of their chairman and vice-chairman, in the absence of action by the county or district convention, may define the terms and conditions under which the alternates shall act.

Should an absent delegate, for whom an alternate has voted, return to the delegation before the final count is announced by the chairman of the convention and desires to change the vote given by the alternate such delegate may address the chair and request a change in the vote and the change shall be recorded as requested.

The State Central Committee of the party shall fix the representation in the state convention for the various counties which do not have more than one legislative district and shall otherwise fix the representation from each of the legislative districts so that there will be a fair apportionment of delegates from the legislative districts.

12. Poll of Delegation on Challenge. Whenever the vote announced by the Chairman or Vice-Chairman of the delegation is challenged by any member of the delegation lawfully entitled to vote on the matter before the convention the Secretary of the Convention shall poll the delegation and record the vote according to the poll; provided if any delegate is absent from his or her delegation at the time of such poll, the Chairman, or in his absence the Vice-Chairman of the delegation, shall determine which alternate shall vote in place of the absent delegate.

### III. RULES OF ORDER

1. Motion to Adjourn. A motion to adjourn or a motion to adjourn to meet at a designated time may be made at any time recognition is secured for that purpose, but such recognition vote may not apply to a single delegate only, is not in order during a roll call. A simple motion to adjourn is not debatable and may not be laid on the table, but a motion to adjourn to a certain time is debatable and subject to amendment. A motion to adjourn to a day certain to meet at another place is in order and may be decided by a majority vote.

2. Amendments. Amendments to any motion may be made orally but before consideration thereof must be submitted in writing and must be germane to the proposition to which offered. Agreement to a motion to lay amendment on the table carries with it the proposition to which it is offered. Majority and minority reports from committees are subject to amendment from the floor unless the previous question is operating.

3. Roll Call. The roll call shall be called by Counties, and Districts within Counties, and the Chairman of the County or District delegation shall take the poll and announce the vote.

4. Challenge. On roll call by Counties and Districts within Counties, a delegation shall be polled on challenge by any member of the delegation. Demand for poll of delegation or challenge of accuracy of count must be made when vote is reported and comes too late after the next County, or District within a County, is called. Such demand may not be made by anyone not a member of the delegation and no delegate may request a poll of any other delegation than his own. The only method by which a poll of a delegation may be had is by challenging the accuracy of the count or report, but such challenge is in order on any vote regardless of the character. The poll of a delegation must include the entire delegation. A demand for a poll of a delegation may be withdrawn at any time before the poll starts.

The Chairman of the Convention may defer a poll until the conclusion of a roll call. When a delegation is polled, the delegates in responding to their names are restricted to the bare announcement of their vote and explanations or comments of any character are out of order.

Upon demand from the floor by any delegate, the chairman of the convention shall call the roll of a delegation to determine the number of eligible delegates thereof present.

At the time that the vote of any delegation is announced and during the time that such delegation is polled, all of the eligible delegates and alternates shall stand during the same.

5. Chairman of Convention. The chairman may appoint one who is a member of the Convention to preside temporarily in his stead, but may not appoint one not a member of the Convention. No appeal from a decision of the chair is in order on recognition; or when dilatory; in response to parliamentary inquiry or during roll call. The Chair shall not decide hypothetical questions or inquiries not directly raised by the proceedings. The Chairman may direct the Sergeant-at-Arms to remove disorderly spectators.

6. Committees. When Committees are recognized to report, the Chairman of the Committee may read the report himself or have it read by the reading clerk of the Convention.

At the conclusion of the reading of the report, the Chairman has fifteen (15) minutes in which he may (1) speak to the report, (2) yield time to others to speak, or (3) move the previous question. When committee reports are submitted, the question of agreeing to the report is considered as pending. Minority reports from committees must be presented and read immediately following majority reports, and both are then open to debate and amendment, unless the previous question is ordered. When more than one minority report is submitted, all are presented before consideration on the majority report begins, and are taken up in the order presented. The question comes first on minority reports and then on majority report or minority report as amended.

7. Debate. Recognition for debate is within the discretion of the Chair, but members of Committees reporting a proposition under discussion are entitled to the floor and take precedence over others desiring to be heard. A delegate desiring to interrupt a speaker shall address the Chair and secure the consent of the speaker. The time consumed in applause shall not be taken into account. Debate is not in order during roll call or while a delegation is being polled. No delegate may be recognized to speak or to explain a vote while a call is pending. Debate should be limited to ten (10) minutes to each speaker, and not to exceed three (3) speakers to a side, except that the Chairman of the Committee making a report may have

fifteen (15) minutes. The time for debate may be extended by unanimous consent.

8. Decorum. Delegates and guests are expected to be seated and to refrain from loud conversation during session of the convention. Aisles and platforms must be kept clear.

9. Delegates. A delegate announcing that he will not abide by the decision of the Convention is not entitled to participate in its deliberations. Delegates failing to observe rules of the Convention are subject to expulsion by two-thirds vote.

10. Division. A division of the question, and a separate vote on each substantive proposition contained in a committee report or any pending question, may be requested by any delegate, and is in order even after the previous question is demanded.

11. Motions and Resolutions. Delegates must secure recognition from the Chair in order to offer a motion, and the Chair may require for what purpose the delegate rises, and after hearing the motion, may decline recognition. After an order of business is adopted, no motions are admissible unless in order under the pending item of business or at that particular stage of the proceedings.

Explanation: All motions, resolutions and communications to the Convention of whatever kind or nature affecting matters of party policy or platform or rules shall be presented without preliminary debate and be referred to the Committee on Resolutions or to the Committee on Rules, as the case may be, for consideration, report and recommendation.

Any proposal for the amendment of any of the rules and provision hereof shall be filed in writing with the State Central Committee on or before December 31 of the year prior to a State Convention, where upon such proposed amendment shall automatically be referred to the Rules Committee for consideration and no further action may be taken thereon until the next succeeding convention of the party.

12. Points of Order. Points of order against a proceeding are too late after debate has begun or other business has intervened. Debate on a question of order is within the discretion of the Chair. Points of Order arising during a roll call are decided peremptorily and are not subject to appeal.

13. Previous Question. The previous question when ordered precludes both debate and amendment. A Committeeman presenting a report may move the previous question but if ordered before any debate is had on the question, twenty (20) minutes debate is allowed, ten (10) minutes for each side.

Explanation: When a member says "I move the previous question" and such motion is then considered to be the pending question, and the motion which was pending when the previous question was moved is considered to be the previous question.

14. Recess. A motion to recess is admissable, but not debatable.

15. Reconsidered. When a motion is carried or lost, any member of the majority may move reconsideration at the same session of the Convention. This motion takes precedence over all motions except motion to adjourn.

16. Suspension of Rules. Motion to suspend the rules interrupts the regular order of business and is in order at any time except during roll call, but recognition to move suspension is within the jurisdiction of the Chair and the motion requires a two-thirds majority. The motion to suspend the rules may not be amended, reconsidered or laid on the table.

17. Table. A motion to lay on the table is used for final summary disposition without debate, and a matter once laid on the table cannot be taken up again except by unanimous consent or suspension of the rules. The motion is not debatable and may not be amended. An amendment laid on the table carries with it the proposition to which the amendment was offered.

Explanation: A motion to lay on the table is out of order after a pending motion (except an amendment) which has been made and debated, is about to be put to a vote.

18. Unanimous Consent. Any action may be taken and any proceeding had by unanimous consent regardless of the rules or pending order of business, but recognition of any motion to unanimously consent is within the discretion of the Chair and may not be granted except for routine matters or under exceptional circumstances.

19. Voting. On roll call of the Counties and Districts within Counties, the vote of the County or District shall be announced by the Chairman of the County or District Delegation, or in his absence by the Vice-Chairman. Delegations not prepared to announce their vote may be passed and called at the end of the roll. In order to vote a delegate must sit with his delegation and may not vote from another part of the hall and may not deputize another to cast his vote for him. A delegate may decline to vote or may change his vote at any time prior to the announcement of the final result. A delegate proposing to change his vote must rise in his place and personally request the change. A roll call for yeas and nays must be ordered on demand of one-fourth of the delegates present.

20. Who Entitled to Speak. No person who is not a delegate or an alternate who is taking the place of a delegate, shall be permitted to address the convention unless such person has been previously requested to do so by the Democratic State Central Committee or by a three-fourth vote of the convention. Unless otherwise fixed by the State Committee, all such speeches shall be limited to three minutes.

21. Absence of Rule. In the absence of any rule governing a situation, Roberts Rules of Order shall govern the procedure of the Convention.

#### IV. OTHER CONVENTIONS

1. Rules Applicable to Succeeding State Conventions. Subject to such changes as may be made by any succeeding State Conventions, and to any changes required by Statute, these Rules, together with any amendments which may be made from time to time, shall govern the conduct of the proceeding and order of business of all succeeding State Conventions of the Democratic Party in Nebraska, subject, however, to Rule III (11) supra:

"Any proposal for the amendment of any of the rules and provisions hereof shall be filed in writing with the State Central Committee on or before December 31 of the year prior to a State Convention, whereupon such proposed amendments shall automatically be referred to the Rules Committee for consideration and no further action may be taken thereon until the next succeeding convention of the party."

In the event that any delegates who were present in a State or Congressional District Convention at the time the Chairman declared a quorum to be present shall absent themselves from the convention hall for any reason whatsoever, such convention shall proceed to transact its business the same as though a quorum were present at all times and Section 4 and 5 of this Article (X) shall govern determination of any action taken by the delegates remaining in the convention hall.

8. Official Acts of Democratic Party in Nebraska. The determination of a Democratic Party State or Congressional District Convention conducted in accordance with the Official Rules for Democratic Conventions then in force shall be the official acts of the Democratic Party, and no other body, no matter how constituted, shall be authorized to represent the Democratic Party in the State of Nebraska, or in any political sub-division thereof, and its determination shall have no force or effect as official acts of the Democratic Party of Nebraska or any political subdivision thereof.

## XI. ELIGIBILITY FOR POSITION ON DEMOCRATIC PRIMARY BALLOTS

2. In the absence of any statute specifically denying the right of the Democratic Party of Nebraska to determine the names of those who may be or may not be placed by the Secretary of State or a proper County official on the Democratic primary ballot at any primary election held within the state of Nebraska (a) no person shall be permitted to file or be filed on a primary election ballot of the Democratic Party as a candidate for nomination, election, or preferential vote, in a state or county primary election who is not affiliated with the Democratic Party and (b) no person shall be permitted to file or be filed on a primary ballot of the Democratic Party as a candidate for nomination, election or preferential vote who has announced his intention to be a candidate for public office on the ticket of any political party other than the Democratic Party.

6. No commission for collection of funds or performance of service shall be paid to any person unless the payment of such commission has been previously authorized by the State Central Committee or the State Executive Committee.

7. Dear

Our annual Jefferson-Jackson Day will soon be here! On Saturday, May 6 we will again gather in Omaha for our 14th consecutive Dinner.

We are sincerely grateful for all of your help over the years; and, once again, call upon you for help in 1978.

Our office will have renewal letters to your county's current contributors by March 6th.

And by April 1st we will have all the letters for new prospects in the mail.

We would like you and your county committee to carefully examine and correct the enclosed list of prospects from your county. There may be spelling errors and address corrections needed on the list. If there are people who are possible contributors, please add them to the list. We will send them a solicitation letter.

We need all of the corrections done by March 1st so that we can complete our mailings. Please send the original copy back to state headquarters and retain the second copy for your files. If after this date you think of more names, please don't hesitate to send them to us.

The quota for 1978 is 70¢ per Democrat - as it has been. We have just refigured quotas based on the 1976 Canvas Report listing the number of registered voters in each county. Because the number of Democrats has increased dramatically, some counties will find their quota increased.

\_\_\_\_\_ county's quota for 1977-1978 is \_\_\_\_\_.

The credit for the various types of tickets are as follows:

GOVERNOR'S CLUB MEMBERSHIP	=	\$375.00
GOLD MEMBERSHIP	=	150.00
CENTURY CLUB MEMBERSHIP	=	80.00
JEFFERSON-JACKSON MEMBERSHIP	=	40.00

Thanks again!

Sincerely,

Richard White, Chairman  
NEBRASKA DEMOCRATIC PARTY

FROM: DICK  
RE: J-J DINNER COMPETITION AWARDS

The final calculations have been made on the J-J Dinner as of June 1, 1976.

As you can see some changes have occurred since the dinner due to late receipts. We know that many of you worked very hard and we are especially proud of those counties that have been able to increase from the previous year.

A special congratulations to the winner of each group.

1964 General Committee to Meet

7 PM on Friday, May 14, 1964, at the North Platte  
Hotel. Ticket \$10.00. Please bring your ticket to the  
to pass dinner.

As you know, the party dinner is an important part of the  
fundraising project. We need your help to make the dinner  
and to provide candidates with a list of names and addresses.

Because the dinner is so important, I am asking you, as a  
Committee member and an enclosing, several contribution cards.  
I hope you will fill one out and return it to us. If you have  
contributed I want to sincerely thank you. Please give the other  
application cards to Democrats in your area and encourage them  
to contribute to the dinner also.

We have received a large number of cards back concerning our  
mail ballot.

The fundraising project passed 73 to 7. Work has started on  
the project and we will have a detailed report for you on its  
success in a few weeks, but early reports indicate that we are  
going very well.

The vote for the next meeting was 59 to 8 in favor of cancel-  
ing the March meeting and rescheduling in June.

We will have our June meeting in Lincoln. Our fall meet-  
ing will be rescheduled for September 11 in North Platte. We will  
have an issues conference in June, and it will be much easier to  
get guest speakers to attend if the meeting is in the Lincoln area.  
More details will be announced soon.

Our Executive committee meeting, scheduled for May 3, will be  
rescheduled for May 15th in Omaha. The change is necessary because  
Mother's Day falls on the 8th. Hope to see you at the JJ Dinner.

Sincerely,

Dick White

June 30, 1977

Dear

We have just finished another fiscal year with the State Democratic Party. And it has been a successful year in many, many ways. We have adopted a new budget which for the first time in several years, anticipates no borrowing during the upcoming fiscal year.

So, we have come a long way and all of the officers feel we will be in good shape for the 1978 elections.

Members of the Finance Committee, the Executive Committee and the Central Committee want to sincerely thank you and your county organization for all of your hard work, the time and money you have given the Democratic Party during the last 12 months.

We want to especially thank you for your efforts on the quota of your county to the state party. That has helped us greatly during the last year. Your county's quota balance as of June 30, 1977 is \_\_\_\_\_.

Any remaining in the balance forwarded to us would be very helpful.

On another matter: if in your area you hear a radio or television show featuring a Republican elected official or party officer, please let state headquarters know so that we can ask for equal time. We have asked on several occasions and received the time.

Thanks again. With best wishes.

Sincerely,

Richard White, Chairman  
NEBRASKA DEMOCRATIC PARTY

P.S. The final tally on ticket sales from your county is as follows:

GOVERNOR'S CLUB \_\_\_\_\_

CENTURY CLUB \_\_\_\_\_

GOLD CLUB \_\_\_\_\_

J-J CLUB \_\_\_\_\_

Enclosed you will find the results of the ticket sales contest among counties in your population group.

Loren D. Baker  
P. O. Box 81889  
Lincoln, Ne 68501

Dear Loren:

There are a few things I have wanted to discuss with you and since I didn't want to take too much of your time, I thought it would be more convenient to send you this letter. Some of these items I thought you should know about before Sunday's meeting, even though they may not be considered for the agenda.

Briefly, I think we have previously talked about the auditors recommendation that our bookkeeping be based on the accrual method. Janet Johnson, CPA for Marvin Jewell & Associates, and I have met on two occasions and have agreed on the steps necessary to begin this by July 1977. Mr. Jewell has given his approval too. In addition, I've been making some changes which should also produce more efficient records and hopefully help to expedite the audit.

Also as I've mentioned before I did clear out the state campaign liability account and at the same time documented it with state campaign and related expenses for a specific time period. However, in the future it will be necessary for the committee to maintain a "restricted" bank account that will be used for state campaigns only. This seems to be the only lawful structure for us to maintain. This account can be reflected in our regular quarterly reports by adding a "cash restricted account", and when the time comes to disburse money to state candidates and/or to maintain state campaign office(s) it can be done through a coded expense account. Even though this will be shown in our reports to the central committee the contributions (to the restricted account) will be segregated within the income accounts so that they will not be shown on our federal reports. This has not been the case in the past.

If it meets with your approval I would like to open the new account by Tuesday of next week. Our 1977 solicitation letters will be mailed tomorrow and the money should start coming in.

Regarding telephone credit cards, do you want any or all of the state executive committee to have them? Or would you prefer that they submit bills from their home phones. The reason I am asking you this now is I received a call saying they are ready to issue the new cards.

Attachment #5

A couple of things that were brought up at Sunday's meeting of the executive committee were county quotas and the credit given to counties on quotas. Mention was made of raising the quotas ~~for~~ next year and also giving counties credit for money they contribute to candidates during election years. Certainly more thought needs to be put into this but I wanted to make you aware of the discussion.

Sincerely,

Judy Backhaus

P.S. Deb Ryan is helping us out a few days a week during this busy time. Is it ok to pay her \$2.30 an hour and withhold social security only?

THE NEBRASKA DEMOCRATIC STATE CENTRAL COMMITTEE MEETING

December 11, 1977

1:30 P.M.

Omaha Hilton

The regular quarterly meeting of the Nebraska Democratic State Central Committee was held on December 11, 1977, at the Omaha Hilton, Omaha, Nebraska.

The meeting was called to order at 1:30 P.M. by Chairman Dick White.

Following roll call by Secretary Ruth Short, Chairman White announced a quorum present to transact business.

MINUTES

The minutes of September 11, 1977, were corrected as follows: Other business under number one should read "volunteers and contributors" in the place of "voters". The minutes were approved as corrected.

APPOINTMENTS

Joe Franson was appointed and approved by the committee to complete the term in District 46 for Ed Icenogle who resigned.

The vacancy created by the resignation of Robert Rauner will be filled at the March committee meeting.

Chairman White, having laryngitis, asked DiAnna Schimek and Larry Doyle, Associate Chairmen, to chair the remainder of the meeting.

DiAnna assumed the duties of the chairman.

TREASURER'S REPORT--Judy Backhaus

Judy stated that, as previously announced, the bookkeeping system has been changed to the accrual method. This method makes it possible to submit a monthly report more conveniently. If there are any questions, the work sheets may be seen in the office. Cash available on account is approximately \$13,000 with \$12,700 of it in CD's, and \$8,300 in accounts receivable.

Allen O'Donnell moved the adoption of the report. The motion was seconded and passed.

CANDIDATE SEARCH COMMITTEE--Frances Ohmstede

Frances announced that the Committee held a morning meeting and that many qualified candidates have been submitted to the Committee.

Frances asked the legislative districts to group together with eight districts together with a chairman to determine if each district had a senatorial candidate and report in 20 minutes. In order to expedite the business, the chairmen were asked to meet at the close of the session to make their reports.

Chairman Schimek introduced the following people: Everett Reimers, the new First Congressional District chairman; Mary Kay Green, Omaha Councilwoman; Hess Dyas, candidate for Congress in the First District; Pat McCarthy, Douglas County Chairman and his wife Marietta.

RULES AND PROCEDURES COMMITTEE--Larry Doyle

Larry reported that the committee has had two meetings and will have at least two more. The next meeting will be January 8 at the State Headquarters at 11 A.M. An invitation was extended to anyone who wishes to attend the meeting or who wishes to mail suggestions for the committee to consider in the changes being made.

AFFIRMATIVE ACTION PLAN, MID-TERM CONFERENCE 1978

Allen O'Donnell moved to consider the printed affirmative plan submitted. The motion was seconded and passed.

Attorney #5

Chairman White announced that the copy submitted was very much the same as the last plan with a few changes. A major change was the reduction of the number of delegates from 24 to 12. He stated that the 12 would be 6 males and 6 females elected at the three congressional district caucuses, which makes 4 delegates from each of the three districts, with the minorities representative of the State Central Committee the thirteenth member to act as chairman of the delegates. Also the state national committee people and the governor will be automatic delegates, plus three at-large.

The purpose of the Affirmative Action Plan is to encourage all types of groups to be represented among the elected delegates.

DiAnna read the plan section by section with each section approved or amended.

The question on the definition of "constituent groups" on line 10 of page one was raised. The decision was made to continue with the reading of the plan and later give a definite list of groups involved.

Don Geis moved that debate be closed and a vote on the plan be made. The motion was seconded and lost.

Peggy O'Neill had a question concerning the clarity of the sentence in lines 42, 43, and 44. Lawrence McVoy recommended that permission be given to correct the grammar for clarification.

Jerry Kromberg moved that in line 10, page one, "groups" be followed by a period and the words "native American and youth" be deleted, and adding the following: A constituent group shall be defined as any group or groups of persons having similar socio-economic and ethnic characteristics, residing in the state or its political subdivisions, and generally recognized as having been the victims of discrimination. The motion was seconded and passed.

Faye Gomez moved that the following addition be made after line 60: All affirmative action meetings shall be open to all Democrats and shall be actively advertised. The motion was seconded and passed.

#### DELEGATE SELECTION PLAN, MID-TERM CONFERENCE 1978

DiAnna Schimek stated that the plan would be read, section by section.

Duane Haywood moved <sup>to</sup> accept the Delegate Selection Plan. The motion was seconded and passed. The plan was read.

Following questions for clarification of certain sections of the plan, Lawrence McVoy moved that the plan be adopted. The motion was seconded and passed.

Frances Ohmstede moved that this call shall be a preliminary call subject to revision at the March Central Committee meeting, if necessary. The motion was seconded and passed.

Chairman White asked for a clarification of "preliminary call". Frances Ohmstede stated that through this method the Delegate Selection Plan could be legally revised at the March meeting before the deadline to return to National.

Chairman White stated that he would accept the explanation if the committee understood that this is an official plan sanctioned by the committee to be sent for National approval.

#### APPROVAL OF STATE CONVENTION SIZE 1978

By majority of approval, Senator Newell was granted permission to address the Committee regarding the delegate selection to state convention 1978.

The Senator addressed the group stating that he feels more people should participate as delegates. Several formulas were suggested which he hoped the committee would consider to make a change.

Chairman White commented on the suggestion and stated that he believes legislation decides the number of alternates to be the same as delegates. The size is the same as the last several conventions, but he stated that an investigation could be made as to the exact legislation governing the alternate selection.

Carolyn Clark moved that the ratio be changed to one delegate to each 400 votes for the Carter-Mondale election. The motion was seconded and lost.

Gladys Stevens moved adoption of the plan as submitted. The motion was seconded and passed.

OTHER BUSINESS

Six resolutions were presented and received action as follows:

ONE: Duane Haywood moved the following resolution:

Whereas, Senator Carl Curtis has been guilty of gross misconduct in office, including the following specific acts concerning the party nomination of D. Clive Short as U.S. Marshal, District of Nebraska:

1. Senator Curtis, on or about the 14th day of September, 1977, stated, "I have been informed there were two unfavorable F.B.I. reports, after which a third was made at the insistence of Governor Exon, and it is less critical.";
2. Senator Curtis released to the news media this untrue and slanderous statement about the F.B.I. and Nebraska Governor J.J. Exon, which has been proven to be wholly false;
3. Senator Curtis has refused to retract the same;
4. The dissemination of false, slanderous and libelous information with reference to a government agency, a public official or another individual is unlawful and subjects the circulator to specific court action;
5. On or about the 16th day of September, 1977, he was quoted in the Omaha World Herald as sending a letter to the Attorney General of the United States, Griffin Bell, asking for "all correspondence and reports to or from the Justice Department, including the Federal Bureau of Investigation, with reference to this appointment.";
6. He also asked for a copy of all memos on all phone calls and interviews conducted, relating to Short, including F.B.I. interviews with persons knowing;
7. Said act constituted a solicitation by Senator Curtis for a government agency to violate Title V, Section 552A of the Federal Code;
8. When Senator Curtis was legally offered a copy of the report by Mr. Short and Short's attorney, he refused to examine or look at the same; and
9. The aforementioned acts constitute false, malicious, and untrue attacks upon the Chief Executive Officer of the State of Nebraska, the White House, the Justice Department, and the Federal Bureau of Investigation.

Whereas, the survival of our form of government demands that our public officials be protected from the circulation and publication of false information.

Senator Curtis has disqualified himself to serve in a position of public trust in the United States Government.

It is, therefore, resolved by the Democratic State Central Committee that Senator Carl Curtis resign from his position as United States Senator, or in the alternative, that he be impeached.

The motion was seconded. After Duane spoke to the resolution, as did Larry Doyle, Allen O'Donnell, Lawrence McVoy and Faye Gomez, the motion was passed.

TWO: Carolyn Clark moved the following resolution:

We support the current initiative petition which would place on the ballot in November 1978 legislation providing for a minimum refund value of five cents on beverage containers sold in Nebraska. Such legislation will encourage reuse of containers, thereby reducing litter and solid waste disposal problems, at the same time conserving energy and natural resources.

(Presented by Ms. Clark for the Phelps County Democratic Central Committee, District 39)

The motion was seconded and passed.

THREE: Carolyn Clark moved the following resolution:

Because the ultimate responsibility for the outcome of elections rests with local party organizations, it is important that communications between the State Central Committee and local parties be as open and inclusive as possible. Therefore, I move that all mailings sent to the members of the State Central Committee be sent to the Chairman of each County party and that the mailing list be cross-checked to avoid unnecessary expense to the State Party that would arise from duplicate mailings.

The motion was seconded and passed.

FOUR: Allen O'Donnell moved the following resolution:

Be it resolved that the Central Committee of the Nebraska Democratic Party strongly supports the goals and purposes of the agricultural strike movement, including 100% parity for the Family Farm, (before a second could be made, Frances Ohmstede asked that an addition be made to the motion), and carry the strike movement on to Washington, D.C., when legislation is introduced in the Senate and House in January and February.

Allen agreed to the addition. The motion was seconded and passed.

FIVE: Merle Hansen moved the following resolution:

The Nebraska Democratic State Central Committee calls for the resignation of Secretary of Agriculture, Robert Bergland. Farmers are entitled a farmers' advocate as Secretary of Agriculture. He has lost track with the feelings and needs of farmers.

The motion was seconded.

FIVE-A (5A): Ken Thayer made a substitute motion as follows:

Be it resolved that the Secretary of Agriculture be directed to implement 90% parity.

The substitute motion was seconded and passed.

#### ANNOUNCEMENT

Frances requested the Search Committee report back after the close of the meeting.

#### RESIGNATION--DiAnna Schimek

DiAnna Schimek announced that she was submitting her resignation as Associate Chairman effective December 12 in order to assume the chairmanship of the Hess Dyas campaign for Congress. She stated that she had valued her responsibilities and had enjoyed working with her co-workers and the committee. She stated she would continue to work with the Democratic Party in every way she could. Many members expressed regrets for her resignation.

SIX: Don Geis presented the following resolution with an addition by Lawrence McVoy:

In response to Senator Zorinsky's request approximately one year ago for guidance and advice on issues before Congress, the members of the State Democratic Central Committee would like to go on record in support of the Panama Canal Treaty. Included in this, compliments to Mrs. Faye Gomez for serving in the Panama Canal regard.

The motion was seconded and passed.

It was announced that a caucus for each congressional district would be held regarding the selection of members for the affirmative action committee following the adjournment.

Lawrence McVoy moved to adjourn. The motion was seconded and passed.

The meeting adjourned at 5:25 P.M.

Bernadette Lassek  
Merle Hansen  
Lonnie Davis

Second Congressional District: Tim McNally  
Lawrence McVoy

Norman W. Obermeier, Treasurer  
YORK COUNTY CENTRAL COMMITTEE  
Route #3  
York, Ne. 68467

Dear Norman:

Because the Nebraska Democratic Party provides both services and monetary support to federal candidates we are required to comply with the Federal Election Campaign Act. This is accomplished through reports sent by us to the Federal Election Commission on a regular basis.

Recently, we received a letter requesting additional specific information, regarding the money we have reported as received from your county for your quota payment.

Under the law the Party must not accept money for our federal account from corporations and/or labor organizations; because this money goes to support federal candidates. It is imperative that the money you have given the state party not contain corporate or labor donations. Should we receive such funds, they must be identified and placed in our state account and must only be used for the support of state candidates. We understand that generally the money you receive is in small contributions and from individual ticket sales to fund raising dinners. But we need to have a response from you as treasurer clarifying this matter.

Additionally, if an individual contributes to your county an amount of \$100 or more during a calendar year, his name must be forwarded to state headquarters along with a complete address, the contributor's occupation, and his principal place of business (if any).

With the 1978 elections approaching we sincerely hope you will be able to continue your financial support of the state party. If you anticipate contributing money to the state party and to federal candidates in excess of \$1,000 during the next calendar year we would like for you to contact Judy Backhaus at state headquarters. We feel we could help you avoid extensive federal reporting procedures.

Please return the enclosed form to us as soon as possible. We have a federal, legal deadline to meet and cannot miss it.

Thank you for your help.

Sincerely,

Loren F. Belter, Treasurer

Dear Fellow Nebraskan:

Please accept my cordial invitation to attend the annual Jefferson-Jackson Day Dinner, sponsored by the Nebraska Democratic Party to be held in Lincoln May 3, 1975.

Nearly 2,000 people from across Nebraska get together once a year at the lively Jefferson-Jackson Day Dinner---always highlighted by a prominent national figure.

The support of these dedicated people has helped the Party to nearly tie the Republicans in voter registration. It has helped finance quality candidates better than ever before. It has helped conduct extensive get-out-the-vote campaigns. It has helped prepare research, lobby for Democratic policies in the Legislature, and more.

Exciting new programs to aid local party organizations and officers are being planned right now to begin in early summer.

New campaign laws severely limit future expenditures by candidates. Our party must be prepared to face this challenge.

I hope you will join us at the 1975 Jefferson-Jackson Day activities.

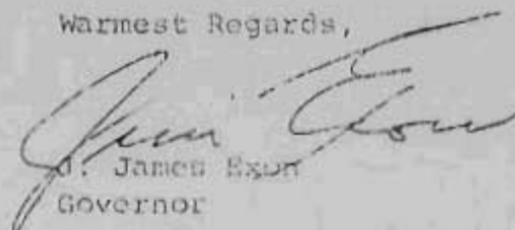

With a \$100 Century Club membership you will receive two tickets to the Reception, Dinner, and Dance; and, a subscription to the quarterly Nebraska Democratic newspaper.

Single tickets for all three events and a subscription are \$50. Student tickets are \$15.

Pat and I look forward to seeing you there.

Let me thank you in advance for your dedicated support, and for your continued assistance as we plan now for the future.

Warmest Regards,

  
J. James Exon

Dear Maurice:

Through good and bad years, a few dedicated Democrats have consistently contributed to the Party. You have been a part of this group of dedicated Nebraska Democrats.

Maurice, I am asking you to consider once again renewing your membership in the Century Club. Here is why.

Your past support has helped the Party to nearly tie the Republicans in voter registration. It has helped finance quality candidates better than ever before. It has helped conduct extensive get-out-the-vote campaigns. It has helped prepare research, lobby for Democratic policies in the Legislature, and more.

Exciting new programs to aid local party organizations and officers are being planned right now to begin in early summer.

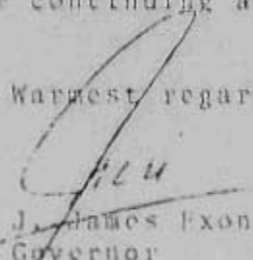

New campaign laws severely limit future campaign expenditures by candidates. Our Party must be prepared to face this challenge.

You can be a part of this exciting future by joining us at the Jefferson-Jackson Day Dinner in Lincoln on May 3, 1975. With your Century Club membership you will receive two tickets to the Reception, Dinner - and, new this year - a Dance.

Pat and I look forward to having you join us there.

Please accept my sincere thanks for your dedicated past support and for your continuing assistance as we plan now for the future.

Warmest regards.

RE: 1976 4-8 Dinner Prospect, Current Century Club Member List,  
and Former Contributor List.

May 7, 1976 is the date of the Jefferson-Jackson Day Dinner.  
All the announced Presidential Candidates are invited. It will  
be an exciting time. The dinner will be in Omaha this year.

We need your help in expanding our prospect lists for your  
county. The addressograph list of persons is your current list  
of Century Club members. The typed list are those contributors  
who have contributed in the past but not in 1975. Perhaps they  
have moved or died. What we would like you to do is to make add-  
ress corrections or strike their name if they are deceased.

We want those who have "dropped out" to rejoin the Party as  
contributors.

It is important that we have the corrected list back to this  
office as soon as possible. We will be starting the contacting  
process on February 9th. We have enclosed an envelope to help  
expedite this project.

There are many potential contributors in your county who  
would contribute if they were contacted. If you know of any add-  
itional names to add to these lists, please add them. As in the  
past, we will contact all prospects by letter.

Thanks for your help. We sincerely appreciate your efforts.

P.S. The original copy is for returning to us and the carbon  
copy is for your files.

1975 renewals

Dear (personalized):

A very special event will be held in Omaha on May 7, 1976--the Bicentennial Dinner of the Nebraska Democratic Party.

All of the Presidential candidates have been invited to our Dinner. Few American voters will get to see these outstanding leaders in an open forum--I'm sure you will want a front row seat.

I am personally proud of the progress in the Nebraska Democratic Party. As an office holder and past candidate I know, first hand, how important it is to have a Party of strength.

You may not know that in 1970 there were 56,000 more Republicans than Democrats. Last summer there were 24,000 more. Now, as you read this letter, there are only 15,000 more Republicans than Democrats. That is visible evidence of our great growth.

It is likely that in 1976 the Democratic Party will overtake the Republicans in registration. And, what a wonderful way to celebrate the American Bicentennial!

But to achieve this dream of a lifetime we do need your help. I hope that you will consider joining the select Bicentennial Club to help put us over the top to start the next 100 years. If not, I'm sure you will want to renew your Century Club.

Thanks to you once again. Pat and I look forward to seeing you on May 7, in Omaha.

Sincerely,

J. James Exon  
Governor

Dear Ed:

Recently you were a member of the Century Club of the Nebraska Democratic Party. But, you did not renew your membership in 1975. We miss you--we need your support--and we want you back as a Century Club member.

Many exciting things are happening in the Democratic Party. Nebraska voter registration is virtually 50/50 and more and more local officials are winning election as Democrats throughout the state.

The popularity of Governor Exon--not only in Nebraska, but in the entire agricultural Midwest--has given a big boost to Nebraska Democrats.

In this Bicentennial year, the Democratic Presidential candidates will speak at our annual Jefferson-Jackson Day Dinner in Omaha, May 7. All of Nebraska's Democratic elected officials will attend. What a wonderful opportunity to meet and visit with Democratic elected officials--and perhaps the next President of the United States!

Governor Exon joins with me and all Party and public officials in asking that you rejoin the Century Club and attend the greatest Jefferson-Jackson Day Dinner yet.

We miss you--we need your support--and we do want you back. We look forward to seeing you in Omaha May 7th.

TO: Nebraska Democrats

FROM: Loren Belker, State Democratic Treasurer and  
Chairman of the Finance Committee

SUBJECT: Participation in the Nebraska Democratic Party

This year--1976--is a crucial year in the history of our country and our Party. Not only is it our Bicentennial year, but it is an election year when the people will determine the direction the country will take--not only for the next four years, but perhaps for the next 100 years.

Certainly 1976 is a crucial year for the Nebraska Democratic Party--a year when we could finally overtake the other major party in registration.

But it all depends upon our income. Your contribution can help put us over the top to start the next 100 years. Here is how you can help.

One, with a 21st Century Club membership you receive two tickets to the 1976 Jefferson-Jackson Day Reception, Dinner and Dance.

Two, a special one year only Bicentennial Club membership with two reserved seats plus a special Bicentennial Dinner pewter commemorative medallion is available for \$200.

Three, a single Dinner ticket is \$55.

In addition the Nebraska Democratic Party offers a Sustaining Club membership for \$12 per year, but it does not include Dinner tickets.

With every contribution over \$1.00 you receive a subscription for one year to the quarterly newspaper of the Party--The Nebraska Democrat.

I will look forward to seeing you at the Dinner in Omaha, May 7, 1976. We need your help now!

MEMORANDUM

TO: Nebraska Democrats

FROM: Loren Belker, State Democratic Treasurer and  
Chairman of the Finance Committee

As you can see from the enclosed editorial, exciting growth has occurred in the Nebraska Democratic Party--growth in both registration and in financial participation by Democrats everywhere in the state.

We are all justifiably proud of our record. But like countless organizations the Nebraska Party has been forced to weather increasing costs due to inflation caused by mismanagement in the White House. In addition, changes in the federal election laws make annual borrowing nearly impossible.

I am happy to report to you that we now have a very active Finance Committee which is currently studying many exciting proposals for fund raising.

Our immediate goal for 1976 is to raise enough additional money so that we can pay off our current debt and operate the Party on a permanent pay-as-you-go basis. If we increase our contributions enough this year, we can then balance our budget each year in the future. As you know, we have borrowed in the past to get funds to our candidates in their campaigns.

To solve our problem we developed two solutions:

One, to reach our goal of a balanced budget we have increased the Century Club to \$110. We have had no increase in the Century Club since 1950, in spite of the fact that costs have more than doubled in that period of time.

Two, during 1976 we are offering a Bicentennial Club which will be for one year only.

For \$500 you will not only receive a pewter Bicentennial Dinner Commemorative Medalion, but also two reserved "front row" seats at the Bicentennial Dinner of the oldest political Party in the world.

Your past support has helped make the Nebraska Democratic Party strong and we sincerely appreciate all of your efforts.

I will look forward to seeing you at the Dinner in Omaha, May 7, 1976. We need your help now!

Dear Fellow Nebraskan:

Never in my lifetime as a Democrat have I felt better than now. The 1976 elections were a real "shot-in-the-arm" for me and my personal goal of seeing Nebraska as a truly two-party state.

The long strangle hold of the opposition on the Senate and House seats has been broken, and many more Democrats have been elected to local offices. More and more people are registering and voting Democratic.

All of this, however, took a great outpouring of time and money from many Democrats--like you--from all across Nebraska.

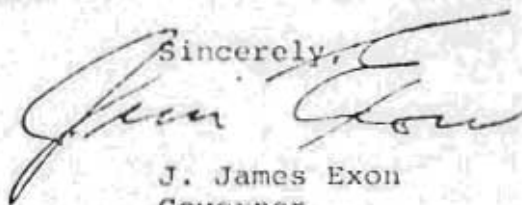

Before we rest on these stunning advances, let's look at 1978---just next year. To maintain momentum, we need to win another Senate seat, two more House seats; elect Democrats to the state constitutional offices and hold the Governor's office and the Lt. Governor's office.

The Nebraska Democratic Party is the permanent organization which has made it possible to win. The state Party depends upon Jefferson-Jackson Day for its income. If the Party is to be ready to fully support our candidates in 1978 with money and services, we must have your financial support now.

The Dinner will be held in Lincoln, April 30, 1977 at Pershing Municipal Auditorium, beginning with a reception at 5:30 pm at the Radisson Cornhusker Hotel and followed by a dance.

If anyone is going to be able to say in 1978, "We won," we need your Century Club membership--now--and your help to encourage others to contribute.

Sincerely,

J. James Exon  
Governor

P.S. My colleagues, Senator Ed Zorinsky, Congressman John Cavanaugh, and Lt. Governor Jerry Whelan will attend Jefferson-Jackson Day. We all look forward to seeing you there!

Dear :

Thank you for supporting the Democratic Party with your Governor's Club membership.

Without your support we would be unable to carry out our programs or to assist our Democratic candidates.

Enclosed you will find your four Jefferson-Jackson Day Dinner tickets, receipt, information sheet, and an attendance reply card. Your membership tab is also enclosed.

Again let me gratefully thank you for your contribution to the Party. I look forward to seeing you April 30.

Sincerely,

Richard White, Chairman  
NEBRASKA DEMOCRATIC PARTY

P.S. Your bronze medallion commemorating President Carter's inauguration will be mailed separately.

April 3, 1978

Dear Fellow Nebraskans:

All too often we do not honor those who have made special contributions to our state and to our Party. This time we are going to honor Governor Jim Exon in his final year as Governor.

We will hold a special "Salute to Governor Jim Exon" on Saturday, May 6, 1978 at our annual Jefferson-Jackson Day Dinner in Omaha. You know of the tireless work he has done for all Nebraskans--regardless of political affiliation.

Your attendance at the Jefferson-Jackson Day Dinner will help Nebraska Democrats continue to go forward. As always the funds raised will go to help Nebraska Democratic candidates, and to further the Democratic cause in Nebraska.

To commemorate this special Jefferson-Jackson Day, we have commissioned a former Nebraskan to design a numbered, limited-edition bronze medal featuring Governor Exon.

This medal will be given to all Gold Club members. I feel you will want to join the Gold Club in order to receive this truly exciting collector's quality medal, a beautiful tribute to the Exon years.

Or, should you choose, the J-J Club and Century Club memberships are--as always--available to you, now.

Senator Ed Zorinsky, Congressman John Cavanaugh, Lt. Governor Jerry Whelan and Governor Jim Exon have indicated to me that they will be attending the Jefferson-Jackson Day Dinner.

We all hope that you, too, can come this year!

With Warmest Regards,

*Rich White*

Richard White, Chairman  
NEBRASKA DEMOCRATIC PARTY

P.S. I am enclosing detailed information for your review about the bronze Exon medal, and the J-J Club, Century Club and Gold Club memberships.

Dear Dick:

On May 6, 1978 we Nebraska Democrats will hold our annual Jefferson-Jackson Day Dinner at 7:00 p.m. in the Omaha Civic Auditorium.

The Dinner is the main source of income for the Party and its candidates. The success of the Dinner helps insure success in the Fall elections.

The members of the Central Committee, Executive Committee, Dinner Committee, and the Officers have asked that I extend to you our personal invitation to be seated at the Head Table for our special dinner-- "A Salute to Governor Jim Exon".

Since the very first Dinner, candidates, office holders, and party officers have proudly contributed to the Dinner. Each year all of our contributors have been secure in the knowledge that no free tickets have been given out.

Please let us know if you will honor us by sitting at the Head Table. Just fill out the enclosed card, (and the ticket order form if you have not already done so), and return it to us by April 10th so it can be properly printed in the Program.

With warmest regards.

Re: MUR 655

Dear Mr. Geis:

On June 11, 1979, the Commission voted to take no further action regarding the Nebraska Democratic State Central Committee's ("NDSCC") violation of 2 U.S.C. § 441b. The Commission also voted to find that the NDSCC is affiliated with the county Democratic committees in Nebraska. As a result, the NDSCC and county committees which qualify as political committees may not contribute in excess of \$5,000 per election to a federal committee or candidate for federal office. However, the Commission also decided to take no further action against the NDSCC and the Valley County Central Committee for contributing together in excess of \$5,000 to the Zorinsky for U.S. Senate Committee for the general election in 1976.

Please assure in the future that the NDSCC and Democratic county committees which qualify as political committees do not exceed the \$5,000 overall limit per federal candidate per election.

The file in this matter is now closed. We have enclosed a copy of the certification of the Commission's vote. Copies of reports and decisions in MUR 655 will be placed in the public disclosure file in this matter. Thank you for your cooperation.
