CASE CLOSURES UNDER
ENFORCEMENT PRIORITY

GENERAL COUNSEL'S REPORT

SENSITIVE

I. INTRODUCTION

The cases listed below have been identified as low priority based upon evaluation under the Enforcement Priority System (EPS). This report is submitted to recommend that the Commission no longer pursue these cases.

At the Executive Session held on May 18, 1999, we proposed 13 cases for closure under EPS. Those cases were closed, effective May 19, 1999.

Future closing reports will be prepared and forwarded for the Commission's consideration on a bi-monthly basis, with the next closing report scheduled for late July 1999.

II. CASES RECOMMENDED FOR CLOSURE

**Cases Not Warranting Further Action Relative to Other Cases
Pending Before the Commission**

EPS was created to identify pending cases that, due to the length of their pendency in inactive status or the lower priority of the issues raised in the matters relative to others presently pending before the Commission, do not warrant further expenditure of resources. Central Enforcement Docket (CED)

evaluates each incoming matter using Commission-approved criteria which results in a numerical rating for each case.

Closing these cases permits the Commission to focus its limited resources on more important cases presently pending before it. Based upon this review, we have identified 31 cases that do not warrant further action relative to other pending matters.¹ The attachments to this report contain a factual summary of each case, the EPS rating, and the factors leading to assignment of a low priority and recommendation not to further pursue the matter.

We recommend that the Commission exercise its prosecutorial discretion and close the cases listed below, effective June 10, 1999. Closing these cases as of this date will allow CED and the Legal Review Team the necessary time to prepare closing letters and case files for the public record.
