Re: MUR 6126

Dear Ms. Hampton,

As we discussed this morning, Respondents request an additional fifteen day extension of time (to take us past the holidays) within which to respond to the complaint. Our response is currently due on December 24, 2008, but (presumably due to early vacations in connection with the upcoming holidays) the key client representative I need to contact to in order to finalize our response is unavailable. Thus, we would ask that we be granted until January 7, 2009, within which to file our response.

Very truly yours,

Donald C. Brey
