RE: MUR 6804

Dear Frankie Hampton,

It was brought to our attention last week that there is an issue with the advertisement printed on the prescription bags of North Park Prescription Pharmacy. These bags are provided to us at no charge by Rx Express Marketing. This marketing company solely solicits advertisements from local business to be placed on the bags which are then distributed by North Park Pharmacy. Immediately after learning that there was a disclaimer missing on the ad by US Congress candidate Randall Olsen, we removed the bags from circulation. Rx Express Marketing has been contacted regarding this issue and will be fixing the problem.

North Park Pharmacy does not have any affiliation with any of the advertisers including Randall Olson. Enclosed is one of the bags that contains the ad with the missing disclaimer. We are committed to following any and all rules by the Federal Election Commission. All of the bags in question have been removed from circulation, and will be destroyed by Rx Express Marketing.

Sincerely,

Thomas Zielinski R.Ph., owner North Park Pharmacy

Sheila Kitzman R.Ph., co-owner North Park Pharmacy
