Request for Extension of Time to Respond to MUR 8221

Dear Crystal Dennis,

I hope this message finds you well. I am writing on behalf of McCorkle for Colorado to formally request an extension of time to respond to the recent Complaint which was filed against our campaign. We have several reasons for this request, detailed as follows:

Past Disbursements: The Complaint makes unspecific allegations and challenges to disbursements for prior campaigns spanning more than two years. Gathering evidence and responding comprehensively to each queried expenditure adequately will require a significant amount of time and resources.

Potential FEC Audit: The Complaint seeks a full audit of the current campaign and two prior campaigns of the candidate, covering three election cycles over a period of more than five years. A meaningful response to the Complaint will require a review of all three campaigns, which is expected to be a substantial endeavor.

Legal Representation: To the extent that campaign responses require the assistance of legal counsel, it would be challenging for newly appointed counsel to review all necessary evidence and provide guidance within the 15-day timeframe. The campaign currently is identifying prospective counsel in the event that a compliance issue arises.

Ballot Access: The Colorado caucus and assembly process is set to begin on March 7th, while the deadline for submitting petition signatures for ballot access is on March 19th. The timing of the filing of the Complaint coincides with the candidate's ballot access efforts which require much of the campaign labor resources as well as the candidate's availability.

In light of these considerations, we respectfully request an extension of 45 days to thoroughly prepare our response to the complaint. A physical copy of this request will also be sent to your office for official documentation.

We appreciate your anticipated understanding and consideration of our request. Thank you for your time.

Sincerely,

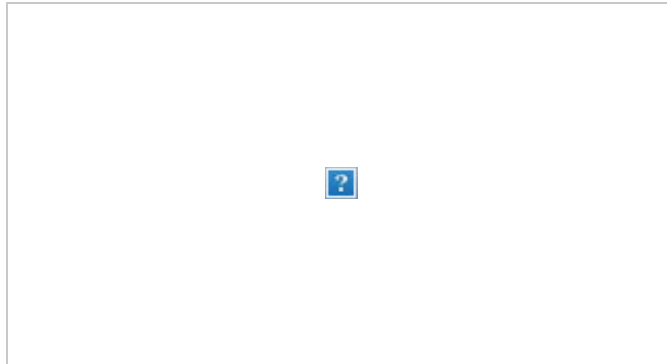

Brian Izzolena
Treasurer, McCorkle for Colorado
