MUR # 6112

Re: Complaint Against McCain Campaign

Dear Ms. Duncan:

Pursuant to the Commission's rules, 11 C.F.R. §111.4, the Democratic National Committee ("DNC"), 430 S. Capitol Street, S.E., Washington, D.C. 20003, files this complaint against John McCain 2008, Inc., P.O. Box 16118, Arlington, VA 22215, the principal campaign committee of Senator John McCain (R-AZ) for his campaign for the Republican party presidential nomination (the "McCain Campaign"). This complaint alleges that the McCain Campaign has violated the Federal Election Campaign Act of 1971, as amended (the "FECA") and the Commission's rules, by accepting thousands of illegal excessive contributions; by failing to report contributions; by accepting anonymous contributions; and by failing to report the address or any other identifying information for numerous contributions.

Particularly in view of the McCain Campaign's history of serious violations of campaign finance laws, it is imperative that the Commission promptly find means to believe that the McCain Campaign has violated the Act and the Commission's rules, and conduct a thorough investigation of these violations; and a full audit of all of the McCain Campaign's contributions.

**Background—History of FECA Violations**

The McCain Campaign has an extensive recent history of flouting the federal campaign finance laws:

- In February 2008, the DNC filed a complaint against the McCain Campaign for violating the Presidential Matching Payment Account Act,

Democratic Party Headquarters ■ 430 South Capitol Street, SE ■ Washington, DC, 20003 ■ (Tel) 863-8000 ■ Fax (202) 863-8174

*Paid for by the Democratic National Committee. Contributions to the Democratic National Committee are not tax deductible.*

13044341350

26 U.S.C. §§9031 *et seq.*, by unilaterally withdrawing from participation in the matching payments program and preceeding to violate the conditions to which he agreed in seeking certification of eligibility to receive matching funds. Although the Commission voted at the end of August to allow Senator McCain to withdraw from the program, that action was not made and could not be made retroactive. At a minimum, Senator McCain has violated the law by exceeding the spending limit by millions of dollars prior to the time of the Commission vote. As you know, the DNC filed has filed an action under 2 U.S.C. §437g(a)(8) challenging the Commission's failure to act on the DNC's administrative complaint. *DNC v. FEC*, CA No. 08-01083 (D.D.C., filed June 24, 2008).

- In August, 2008, the McCain Campaign refunded approximately \$50,000 in donations solicited by a foreign national, Mustafa Abu Naba'a of Jordan (New York Times, August 8, 2008). The foreign national was a business partner of Harry Sargeant III, a defense contractor who bundled more than \$500,000 for the McCain Campaign. A number of persons who contributed through Sargeant turned out to be persons who did not have the means to contribute and who did not support Senator McCain. (*Id.*; Miami Herald, 8/9/08).
- Continuing the pattern of solicitation involving foreign nationals, only a few days ago, it was reported that the McCain Campaign had solicited \$5,000 to a joint fundraising committee including the Republican National Committee from the Russian Ambassador to the U.N., Vitality I. Churkin (Washington Post.com, Oct. 20, 2008).
- A September 30, 2008 request for additional information from the Commission to the McCain Campaign included a nine-page list setting out numerous excessive contributions.

### **Current Violations**

Review of the contribution records set out on the McCain Campaign's own website discloses a number of significant violations of the law by the campaign.

#### **1. Excessive contributions.**

Analysis of the information provided by the McCain Campaign on its website about contributions to the McCain Campaign for the primaries, shows that the McCain Campaign has received 6,653 contributions each of which was at least \$1,000 in excess of the applicable \$2,300 limit to the primary campaign. Nineteen individuals contributed more than \$10,000 each to the McCain Campaign—more than four times the

13044341351

limit. The information was accessed from the McCain Campaign website "Primary Election Donor Lookup Archive" between October 18 and October 20, 2008.

Attached as Exhibit 1 hereto is a list of the 6,653 excessive contributions, involving *nearly \$7 million in excessive contributions*, all in violation of the Act, 2 U.S.C. §441a(a)(1), and the Commission's regulations, 11 C.F.R. §110.1(b). There can be no legitimate explanation for the McCain Campaign's acceptance of millions of dollars of contributions over the applicable legal limit.

## **2. Failing to Report Contributions**

The McCain Campaign website indicates that Brian Medeska of Farmington, Connecticut contributed \$56,047 to the McCain Campaign, well over the applicable limit, but the Campaign failed to disclose that information in any of its FEC reports, in violation of the FECA, 2 U.S.C. §434(a). The Commission should investigate whether there are other cases in which the McCain Campaign has not only accepted illegal donations, but has unlawfully covered them up by failing to disclose them.

## **3. Acceptance of Unlawful Anonymous Contributions**

The McCain Campaign website also lists 23 anonymous contributions in excess of fifty dollars, in violation of the FECA, 2 U.S.C. §432(b) requiring that a committee maintain the name and address of each contributor any amount in excess of \$50. A list of those contributions is attached as Exhibit 2.

In addition, the McCain Campaign accepted another 94 donations from individuals whose names are listed but for which there is no address given; of these, 46, or almost half, are over the \$50 threshold, again, in violation of section 432(b). A list of those contributions is attached as Exhibit 3.

Another nearly \$10,000 in 94 contributions is reported with a last name and address but no first name, making it impossible to tell who the donor actually is. Of these, 20 are over the applicable \$50 limit, in violation, again of section 432(b). A list of these contributions is attached as Exhibit 4.

## **Conclusion**

The McCain Campaign, already a serial violator of the federal campaign finance laws, including the Bipartisan Campaign Reform Act of 2002 popularly known as the Mc-Cain-Feingold law, evidently chosen to ignore some of the most fundamental and basic requirements of that law. For the reasons set forth above, the Commission should find reason to believe that the McCain Campaign has violated the FECA and the Commission's rules, and should conduct a prompt investigation.
