Re:MUR 4925

Dear Mr. Row

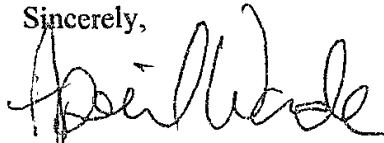

In response to your letter received September 29, 1999, I am writing to request an extension to our Reply deadline.

Per our discussion, the staff that was with the campaign at the time of the alleged infraction is now longer with us. I need additional time in order to research the events which generated your inquiry.

Also per our discussion I am asking for an extension till October 22, 1999. To give us time to look into this matter further.

Please contact me if further information is required.

Sincerely,

April Wade  
Finance Director
