Re: MUR 5889

Dear Mr. Jordan:

I am in receipt of your letter dated December 20, 2006, regarding case # MUR 5889. Your letter was not received in my office until December 29, 2006. There was a severe snow storm in Denver which shut Denver International Airport down for several days, and has delayed delivery of mail in our area. Upon receipt of your letter, and believing that a response was due in 15 days from the date of the letter, my office called Kim Collins. Ms. Collins informed us that the 15 days response time did not start until receipt of the letter, or in our case, until December 29, 2006.

To better understand our circumstances, I would like to give you a brief history of our intent and actions. We decided belatedly to initiate a campaign against the reelection of Barbara Cubin, the incumbent member of House of Representative from Wyoming. This was done after the Wyoming Primary election on August 22, 2006. We checked with a friend who is familiar with state-wide campaigns, as she has been involved in several and was responsible for filing reports in those campaigns. She did not know (and we did not figure it out in a timely manner) that because Cubin was running for the U.S. House of Representatives, there are Federal filing requirements in addition to State filing requirements. Our organization is called "Republicans for Trauner." Gary Trauner was running against Barbara Cubin. Our organization was totally independent of Mr. Trauner's campaign and organization.

Before beginning our political action committee activity, we properly filed a "Statement of Formation by Political Action Committee" on September 9, 2006, with the Secretary of State for the State of Wyoming (copy attached). We also filed our "Statement of Receipts and Expenditures for Republicans for Trauner PAC" on October 27, 2006, and our final report on November 15, 2006 (copies attached). We were not aware of our

COUNSEL

obligation to file with the Federal Election Commission for our committee.

On November 1, 2006, I learned, through a newspaper reporter who had studied various financial reports following the filing deadline, that we may also need to file with the Federal Election Commission. He mentioned he had not seen our report. He thought we needed to be filing one at the Federal level in addition to the State report because Cubin was running for a Federal office.

We quickly checked and discovered that he was right. We were required to file and report to the Federal Election Commission. On that very same day (November 1, 2006), we called and spoke with one of the FEC personnel at the toll free number of the Federal Election Commission. We explained the situation, and she indicated that while we should have filed earlier, we could remedy the situation by filing the necessary documents as soon as possible. She gave us reference to the information and forms on the website. We prepared and sent by overnight delivery the documents she advised, and on November 2, 2006, your office received and filed our Form 1, "Statement of Organization" to establish "Republicans for Trauner" as a qualified political action committee. On November 2, 2006, we filed our Form 5, "Report of Independent Expenditures Made and Contributions Received" with the Commission, again by overnight mail, which was received by your office on November 3, 2006. Since November 3, 2006, we have filed Form 3 with your office on December 4, 2006, to report our additional expenditures.

The failure to initially file and to submit Form 5 arose from our ignorance of the Federal requirements and our ignorance that our political effort would bring us within the Federal Election Commission's rules. Although we complied timely with the State of Wyoming requirements, we failed to file timely as a PAC with the FEC. As soon as we discovered our mistake, however, we contacted your office and quickly complied with all requirements as instructed by your personnel and the references on the website. I believe that all information to be reported was reported to the Wyoming Secretary of State's office and could have easily been sent on to the FEC by the deadline had we known of that obligation. We are embarrassed to have not figured out the FEC jurisdiction more timely, and apologize.

Sincerely yours,

Stephen L. Simonton
